New York, NY 1001

RoHS (Restriction on use of Hazardous Substances) Statement

Ferric Inc. products designated as RoHS compliant meet the applicable substance threshold requirements of Directive 2011/65/EU, known as the Restriction of Hazardous Substances (RoHS), and Directive (EU) 2015/863, which took effect on July 22, 2019.

Object of Declaration:

No.	MFG Part Number	Part Description
1	FE1736	56A, 16-phase, DC-DC Step-Down Power Converter SoC
2	FE1728	28A, Quad Output, DC-DC Step-Down Power Converter SoC
3	FE1766/67	160A DC-DC Step-Down Power Converter Chip-Scale Module

Ferric products that are declared as RoHS Compliant do not contain any of the restricted substances above the maximum concentration values (MCVs) as specified in the RoHS Directive. The restricted substances and their respective threshold values are listed below:

Restricted Substance and Maximum Concentration Values

Substance	Maximum Concentration Value (MCV)	Applicable Directive
Lead (Pb)	< 0.10% by weight (1000ppm)	2011/65/EU
Cadmium (Cd)	< 0.01% by weight (100ppm)	2011/65/EU
Mercury (Hg)	< 0.10% by weight (1000ppm)	2011/65/EU
Hexavalent Chromium (Cr+6)	< 0.10% by weight (1000ppm)	2011/65/EU
Polybrominated Biphenyls (PBB)	< 0.10% by weight (1000ppm)	2011/65/EU
Polybrominated Biphenyl Ethers (PBDE)	< 0.10% by weight (1000ppm)	2011/65/EU
Bis(2-Ethylhexyl) phthalate (DEHP)	< 0.10% by weight (1000ppm)	2015/863/EU (Effective 2019)
Benzyl butyl phthalate (BBP)	< 0.10% by weight (1000ppm)	2015/863/EU (Effective 2019)
Dibutyl phthalate (DBP)	< 0.10% by weight (1000ppm)	2015/863/EU (Effective 2019)
Diisobutyl phthalate (DIBP)	< 0.10% by weight (1000ppm)	2015/863/EU (Effective 2019)

In determining the RoHS status of its products, Ferric has taken commercially reasonable steps to obtain representative and accurate material content information. Ferric relies on information provided by its suppliers and subcontractors. This statement, including material composition data, is accurate to the best of our knowledge.
