KELLY'S CLASSIC RE-USABLE WEATHER PROTECTION SYSTEM

Kelly Klosure classic galvanized panels are a sturdy steel option when you want a reusable weather protection system that is more durable in a harsh environment.

With the patented “Kelly Locking Key” and interchangeable panels, our galvanized and/or light-transmitting fiberglass panels offer quick set-up and are easily relocated and interchangeable to fit projects of any size.

Features

- Durable hot rolled steel framing with riveted galvanized sheeting or light-transmitting Thermal Lexan
- Quick set-up with the Kelly Locking Key and interchangeable panel design
- Enclosures are easily expandable or reconfigurable
- Reusable for multiple projects
- No blowouts, more durable than poly or fabric enclosures
- Install horizontally or vertically with no top or bottom, inside or outside
- No foundation required
- Shipped in storage racks for reuse and transport

Quick set-up with the Locking Key

Reusable for multiple projects

PRODUCT SPECS
