

Consent to the creation, processing and publication of photographs/video recordings

The BTO Veranstaltungs-GmbH would like to take photographs, video and sound recordings ("recordings") of you over the course of the Berlin Tennis Open and use them for internal and external corporate communication.

The recordings and the personal data contained in them shall be created and processed based on this voluntary declaration of consent.

This consent can be revoked – even only in part (e.g. in relation to just one particular photo) – from BTO Veranstaltungs-GmbH without specifying any reason with effect for the future. The recordings shall then be deleted within a reasonable length of time or edited in such a way that identification is no longer possible. Digital and analogue media that have already been produced will be used up, provided that removal or editing is not required by a justified interest in an individual case.

Please note that the publication on the internet is transnational and it cannot be guaranteed that all recordings – e.g. in case of a revocation – can be removed without residue. In addition, the recordings can be found on a publication on the internet via search engines.

- Publication on analog media of the Berlin Tennis Open, namely tournament magazine, Daily Lawn News.
- Publication on Berlin Tennis Open PR-Channels as well as dissemination to external media.

Should the recording contain references to my ethnic background, religion or health (e.g. skin color, head covering, glasses), my consent shall also cover this information.

The recordings may be edited or modified without prejudice to my personal rights (e.g. montage, combination with images, texts or graphics, photo-technical alienation).

I also declare that I shall waive any remuneration for the creation and the above-mentioned types of use of the recordings, as well as any claims to use the recordings for my own purposes or to exploit them in other way.
