Office of the President
May 7, 2026

Welcome to NDA Day on the Hill

Dear Colleagues, Partners, and Advocates,

On behalf of the National Dental Association (NDA), it is my distinct honor to welcome you to NDA Day on the Hill.

Today represents a collective affirmation of our commitment to equity, access, and excellence in oral health care. As dentists, students, educators, and advocates, we carry a shared responsibility to ensure that the voices of our communities are heard, respected, and reflected in national policy.

The NDA has long stood at the intersection of clinical excellence and social justice. Our presence here today continues that legacy. We come not only to inform, but also to influence and bring forward solutions that address disparities in oral health, strengthen the dental workforce, and ensure that quality care is accessible to all.

Your engagement matters. Every conversation you have, every story you share, and every policy you help shape contributes to a broader movement, one that positions oral health as an essential component of overall health and advances our mission as **Architects of Change**.

I encourage you to be intentional, informed, and impactful. Together, we can shape a future where equitable oral health care is not an aspiration, but a reality.

Thank you for your leadership, your advocacy, and your commitment to this important work.

With appreciation and purpose,

Wallace J Bellamy, DMD, FACD, FICD President-National Dental Association (NDA)
