

# BLEND, UNINTERRUPTED CONNECTIVITY TO THE EDGE

Tactical IP BLEND combines your agency's existing communication networks (Satellite-LEO/GEO, FirstNet, Frontline, Cellular, Broadband, Wi-Fi) and creates one large, high bandwidth network giving you enhanced, resilient, reliable and stable communications with greater bandwidth and security.

## BLEND FEATURES

- Resilient, Self Healing Multisite Wide Area Network
- SD-WAN L2VPN Overlay for Path-Diverse Communications
- Simultaneous use of any and all link types (Fiber, LTE/5G, LEO/MEO/GEO Satellite, MANET and LMR)
- Supports up to 16 different Internet Connections- Blend both internet and non-internet links
- Sophisticated Quality of Service (QoS)- Ability to prioritize packets according to customer need
- AES and Type 1 HAIPE Encryption Support
- Support for full-mesh, hub-and-spoke, partial mesh, and point-to-point architectures
- Virtual network overlay provides innate obfuscation
- No costly proprietary hardware
- DOD Approved
- NOC Support 24/7/365
- Tactical IP BLEND is Technically Validated by AWS

**UNINTERRUPTED,  
RESILIENT CONNECTIVITY**

**HIGH BANDWIDTH  
WHEN YOU NEED IT**

**SECURELY SEND  
REAL-TIME VIDEO AND DATA**

**24/7/365  
SUPPORT**

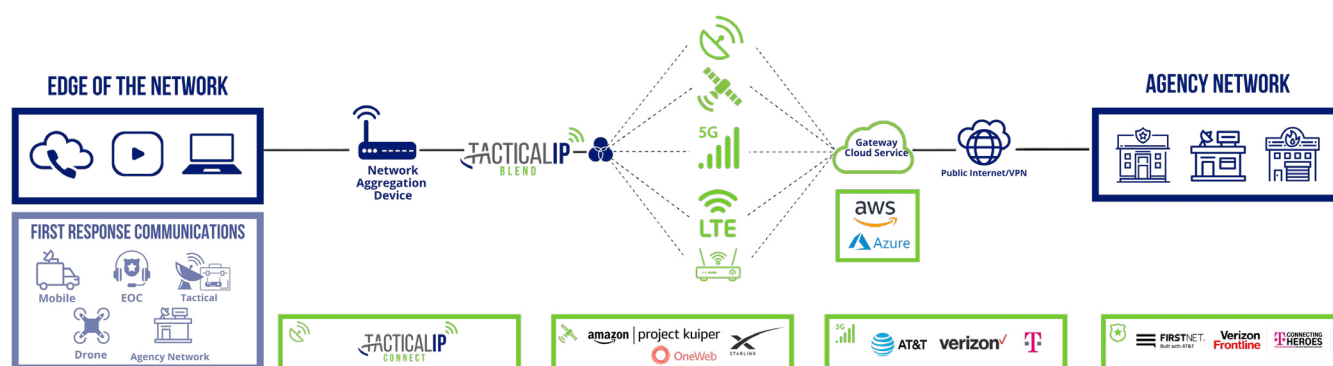

## HIGHLIGHTED APPLICATIONS

- Connectivity to the Edge
- First Response and Public Safety Connectivity
- Emergency Management Backhaul
- Software Defined Wide Area Network
- High Bandwidth Demands
- Fleet Connectivity and Backhaul
- Video Streaming for Drones
- Remote, Rural Area Connectivity
- Highly Secure Communications
- Mobile Command and Control
- Event Command- High Bandwidth in over saturated areas
- National Guard Applications

## WHY PEAKE?

- Integration of solutions that meet our customers needs
- 18+ Years Serving the Public Safety Community
- It is our mission to help enable your successful operations
- Company Size allows for Agile and Responsive Team
- Quality, Personal, Proactive Customer Support
- Technology Partnerships, but Vendor Agnostic
- Connectivity Services Value - Competitive pricing for superior service
- Direct Link to Amazon Web Services
- On the Cutting Edge of Technology for First Responders
- Veteran/Former Military/Law Enforcement Workforce and Ethos
- Our Experience with Public Safety + EMA > General Service Providers
- AWS Select Tier Service Partner + Public Sector Program Partner
