Continue

Dance of thieves

Malin Strom, the rightful queen, must join forces with the Nightrender and his guild of thieves to take down her enemies and claim her throne. As dark fae side with the Black Palace, Malin and Kase must form uneasy alliances with otherworldly beings and face their own cursed pasts in order to defeat their foes. The fate of their loved ones hangs in the balance as they risk everything for a chance at victory. I'm eagerly awaiting Ari's story in the next installment of the series, but unfortunately, this book felt like it dragged on due to repetition. Despite that, I enjoy this series overall, and this one was just a bit rough for me. The storyline has some great comparisons, such as Avengers: Endgame, where multiple characters come together against a common enemy. This book features Malin and Kase's mission to overthrow the current king, with help from others like Gunnar and Valen, while also exploring the Ever King, Thorvald, and Jonas' story. While there is some filler dialogue, it serves a purpose as characters get to know each other and plan their moves. The plot thickens halfway through, leading to intense battles and more appearances by Calista. The book concludes Kase and Malin's story beautifully, tying up loose ends while leaving room for mystery in the south and East. There are still unanswered questions, such as what will happen to the Ever Kingdom after ten turns pass. Overall, this series is perfect for fans of Vikings, found family, ancient prophecies, battles for good and crowns. Given article text here “Looking forward to seeing everyone at the meeting tomorrow and discussing our strategies” “Lookin forward to seein everyone at the meeting tomorow and discussin our strategies” “Looking forward to the meeting tomorrow, where we’ll see everyone and discuss our strategies in detail” “paraphrase this text:and fearless, obviously elise and valen had that too so both beautiful powerful couple! yeah still elise and valen are my fave couple but ari is my fave man i guess haha idk what to say more, I just feel im loving this series so much and THE INSTRUCTION TO SEA FAE omg i had theories then that ending between valen and the "old" sea fae king happened and yeah my theory was correct tho i still need to know some stuff to by 100% certain but YEAH OMG so excited for ever king!! i have three books left and the way ari and saba hate each other im so so excited and intrigued about their story i mean ari's pov at the end literally sold me sooooo” North joined forces with East in an epic battle. Seeing beloved characters return was thrilling, including Elise and Valen, Tor and Sol, and Halvar's adorable fatherhood. The romance blossomed as Malin and Kase strengthened, while Gunnar and Eryka's future together shone through. Tor and Sol discovered their fated son, and Elise and Valen became expecting parents. The plot was captivating, introducing new magic from the Southern Fae and their crew. The North and East formed an unbreakable bond, with Malin taking the throne and being supported by the South and North. The ending was explosive, with a satisfying conclusion as Malin claimed her rightful place. However, Ansel's departure left an emotional scar. The glimpse of Ari and Saga at the end sparked excitement for their story. LJ Andrews' world-weaving is perfection, bringing characters together in a thrilling collision. This series has stolen my heart, and I'm eager to devour the final trilogy before rereading Ever King and Queen with new eyes. The final installment was action-packed and engaging, with a deep dive into the Nightrenders' story. The Eastern Kingdom's struggles resonated deeply. Andrews expertly crafted intricate world-building, revealing Alver magic and its complexities. While some loose ends were tied up, others remained tantalizingly open, leaving room for future stories. I absolutely adored this set of three books in the series, and Kase & Mal's dynamic is pure perfection. Reading about a group of thieves overthrowing a kingdom was an absolute blast, and I'm so drawn to these characters and their witty banter. While some aspects felt predictable, I appreciated how the author skillfully wove together elements for the next trilogy. --- The book has concluded, but we'll see the characters again before the series ends. August 20, 2024, rating: 3.5/5 I didn't enjoy this installment as much as others in the trilogy. It was like trudging through mud, with slow parts that dragged on and on. Malin felt one-dimensional to me, while Kase seemed stuck in a teenage phase, always complaining when things didn't go his way. The romance was sweet, but I just didn't connect with it. However, having familiar faces return was a highlight! I also appreciated Elise's refusal to be reduced to just being a mother after her pregnancy announcement - she remained a strong, capable individual. The relationships between Dagny, Luca, and others added depth to the story. September 24, 2024 This book exceeded my expectations in every way. It had found family, romance, angst, fluff, banter, an incredible plot line, witty comebacks, and well-written twists. The world-building was amazing, with 4-dimensional characters that I loved (especially Ari). Gunnar and Eryka stole my heart with their genuine connection - the kiss scene was iconic! The author's writing is addictive, and they excel at tropes. It was thrilling to discover that this series is connected to another favorite of mine, The Ever King. October 8, 2024 L.J. Andrews is now one of my go-to authors. Her world-building is exquisite, and her characters are multi-dimensional. Kate and Malin must navigate their next steps, while the Grym family seeks power at any cost. This book sets the stage for the continuing saga in The Ever Seas series. June 2, 2024 I had a hard time with this one; it was a struggle to get through. Despite loving books 4 & 5, Malin and Kase's story didn't captivate me as much. I'll be sad to leave the Eastern Kingdom behind but excited to see what's in store for Ari in the Southern Kingdom. The reviewer is struggling to finish the latest book in a series, feeling that it's too repetitive and hasn't been holding their interest. However, they're motivated by the presence of familiar characters from previous books, including Erik, who is mentioned as being connected to another spin-off series, "The Ever King". The reviewer hopes that Ari's story will help reignite their passion for reading, which has been waning lately due to a prolonged slump. Author Mary E. Pearson has several books on Goodreads, including Dance of Thieves with a 4.32 average rating, The Jenna Fox Chronicles with a 3.94 average rating, Where Is Max? with a 3.67 average rating, Generous Me with a 3.73 average rating, and I Can Do It All with a 3.56 average rating. To become a better writer, Pearson suggests reading a lot, rereading favorite books to understand their structure, writing every day even if it's just a few words, being your own best critic by revising your work with a fresh eye, and not expecting perfection with the first draft. She also advises against giving up when feeling lost in the writing process. Many readers have discussed her book Dance of Thieves in various groups, including The Procrastinator's Book Club, Stuck On Things, and Addicted to YA, sharing their thoughts and opinions about the story. Some readers have compared it to other books like The Kiss of Deception, while others have simply expressed their excitement about reading it. Overall, Mary E. Pearson's writing advice emphasizes the importance of persistence, self-criticism, and continuous learning, which are essential for aspiring writers to improve their craft. The book "Dance of Thieves" by Mary E. Pearson has generated a significant amount of discussion and reviews across various online forums and communities, with many users expressing their opinions on the novel's plot, characters, and overall reading experience. Some users have created threads for book clubs and buddy reads, where they discuss the story, share their thoughts, and ask questions about the novel. For instance, a 2023 April thread by EllieJellyBea... garnered 65 responses, while another 2019 discussion led by Alaina received 54 comments. The novel's unique blend of fantasy and romance elements has piqued the interest of many readers, with some users praising its engaging storyline and well-developed characters. Others have compared it to other popular YA novels, such as "The Kiss of Deception" by Mary E. Pearson. Some threads also mention the book being chosen as a Book of the Month (BOTM) selection for various online communities, including The Midnight Readers and Autumn Readers. In addition, users have used online platforms like What's the Name of That Book? to ask for help identifying the novel based on its plot summary. The interest in "Dance of Thieves" is evident through the numerous threads created across different online forums and communities, with many users sharing their opinions, asking questions, and discussing the novel's themes and characters. A buddy read discussion was held in May 2020 to explore the novel "Dance of Thieves" by Mary E. Pearson. The group consisted of Laura, Mena, Wild, Rozie, and Hannah Aless, who delved into the book's themes and shared their thoughts on September 13th, 2019. A separate discussion was initiated by Alaina in September 2019 to discuss the "Dance of Thieves" series. Additionally, Natalie solved a What's the Name... mystery involving a former thief named Ten, who worked for the queen and had a peculiar past, including stealing a tiger once.
