A Brief History of Modern India by Rajiv Ahir is a comprehensive guide for preparing the Modern History section of UPSC and other State PCS examinations. The book covers various aspects of modern Indian history, including the advent of Europeans, British conquest, socio-religious reform movements, and the emergence of nationalist movements. The book is divided into ten units, each focusing on a specific period or theme in modern Indian history. From the expansion and consolidation of British power to the emergence of Gandhi and the Quit India Movement, the book provides a detailed account of the key events and figures that shaped modern India. One of the strengths of the book is its ability to cover a wide range of topics and themes, making it an invaluable resource for students preparing for examinations. The author's approach is clear and concise, and he has provided numerous examples and case studies to illustrate key concepts. The book also includes a number of features that make it an engaging read. For example, the author provides a brief overview of each unit, summarizing the main points and themes. This makes it easy for readers to quickly scan the content and get a sense of the overall structure and focus of the book. Overall, A Brief History of Modern India by Rajiv Ahir is a well-structured and comprehensive guide that covers all aspects of modern Indian history. It is an excellent resource for students preparing for examinations and provides a detailed account of the key events and figures that shaped modern India. ==========Here are some popular books and study materials available for download, covering various subjects such as polity, geography, environment, and public administration. To access these resources, click on the provided links which lead to external websites hosting the pdf downloads. Key texts include M. Laxmikant's Indian Polity book and D.D.
