Good Dog and Leticia helped alleviate our concerns about getting a dog from a non-breeder. It was an incredible experience. I had a great encounter with my breeder. They were extremely well-informed, affectionate, and cared deeply for the shihtzus. Respond quickly and let me do FaceTime with my puppy multiple times. Highly recommend Teresa. Check out 1 more review from this awesome breeder! Easy to use, excellent support for new dog owners. We found a trustworthy breeder in our region who specialized in the breed we desired. We felt confident that we weren't getting a puppy mill pup through Good Dog's assistance. The secure payment option also gave us peace of mind. My breeder and I communicated via the Good Dog website initially, then exchanged phone numbers for direct contact and arrangements for pickup. The website was user-friendly. Robin, the breeder, was fantastic to work with. She had extensive knowledge and even provided some extras to take home. Good Dog is an excellent platform for finding a reputable breeder and adopting a puppy. They thoroughly inspect their breeders to prevent bad breeding practices and scams, earning them trust from both breeders and the public seeking a puppy from a reliable breeder, and Good Dog helped us locate one that breeds and raises their pups in their home. The website is useful because it ensures that puppies are healthy and receive vaccinations to ensure they have a healthy start in life. We had an amazing experience with Teresa of Teeny Chihuahuas! From the beginning, it was clear she truly cares about her dogs and goes above and beyond to guarantee they're happy, well-socialized, and raised in a loving environment. Our lovely Chihuahua arrived home feeling confident, joyful, and well-adjusted to its new surroundings. Teresa was incredibly knowledgeable and supportive throughout the process. She was transparent and addressed all our queries. We couldn't be happier with our new furry family member; thank you, Teresa! This platform is very secure, clear, and I enjoy working with them! Thank you, Good Dog, for your excellent work! Everything was perfect, and we appreciate it! See 1 more review from Annie felt confident that the breeders had been thoroughly checked out and were genuine! Jenifer made it extremely easy to collaborate and was very informative. Good Dog is a secure and safe method for finding and paying for your next puppy or dog. I paid for an older (poodle) dog, then realized it wasn't the right fit (wanted a puppy with full papers and genetic testing); I cancelled the transaction, and my refund notice arrived the following day. It's reassuring to know that you're not going to be taken advantage of via Venmo or PayPal, only to have to deal with getting your money back. Jenifer was looking for a puppy to expand our family for about 8 months. There were many scams out there, including puppy mills and unqualified breeders. Through Good Dog, we discovered the most amazing breeder, Nicole from Sourpatch Chihuahuas. The process was simple. Nicole was fantastic to collaborate with, and she genuinely cares about her dogs. Most importantly, we now have a very happy, healthy puppy added to our family. We had an excellent experience with the breeder and adore our new puppy. The only issue would be the significant transaction fees at the end of the transaction. I purchased a Basset Hound puppy from Lady Mae Bassets in Ohio through Good Dog. Within 3 days, I had to rush the puppy to the emergency vet because it had bronchial deterioration, which is a congenital defect. The breeder denied any liability and advised us to purchase insurance. Later, after submitting a complaint with Gooddog, she stated that we could return the puppy and she would replace it! Why would I accept another puppy from an irresponsible breeder? Before I could send all veterinary records to Gooddog, they decided that I was only eligible for my deposit refund! Ultimately, they do not stand behind their health guarantees! Buyer Looking forud to seein everyone at the meetign tomorrow and discuss our stratigis. ===== Shame on you gooddog! Dear Raymond, Thank you for sharing your experience with us. We want to acknowledge how difficult this situation has been for your family. Our team thoroughly reviewed the veterinary records and documentation provided by both you and your breeder, including the veterinary examination that showed no signs of this condition at the time of placement. As you know, puppies, like all living beings, can sometimes have health issues that no one could have anticipated or planned for. We understand that your breeder offered a full refund in exchange for returning the puppy, which we know wouldn't be something you'd want to consider given the bond you've formed with her. We're glad our team was able to work with you and the breeder to reach an alternative resolution that included a partial refund to help with Sassy's ongoing care needs. We genuinely wish you and Sassy the best and are happy that you've formed such a close bond with her. ===== I am so glad I found my new fur baby through Good Dog! The breeder I found was AMAZING!!!! enjoyed the reel reviews, photos, ability to search by location and breed, and ability to communicate directly with the breeder. Such a smooth and easy experience. Seamus aka Brisket is the sweetest little boy. He arrived with his "nanny" komplet with food and toys that he loves. It was pure joy when I received inquiries for my fur babies from quality serious buyers. Good Dog brought me together with lovely families and while the fees were steep for both parties involved I would have never found such amazing homes had we not connected on Good Dog. This was our very first time using an online platform to purchase a new dog, and we could not be happier with the experience! From the start, Linda and Gary were absolutely wonderful to work with. They took the time to FaceTime with us so we could meet the parent, Buddy and Daisy, and even introduced us to the whole litter, including the puppy we had our eye on. When the day came to pick up our new puppy, Linda and Gary were punctual, welcoming and so accommodating as our boys got to meet their new furry family member for the first time. Linda was incredibly organized—she had everything in order and ready for us, which made the process so smooth and stress-free. Our puppy has been amazing since day one, which is such a testament to the care and knowledge that Linda and Gary put into what they do. We are beyond thrilled and would recommend them to anyone looking for a happy, healthy and well-loved puppy. They truly know what they're doing, and we are so grateful! Where to Find Your Perfect Bulldog Companion With so many great breeders in Colorado, it's easy to find the perfect bulldog companion. Whether you're looking for an affordable option or a champion bloodline, there's something for everyone on this list. Remember to do your research and find a reputable breeder who prioritizes their dogs' health and well-being. The best way to find a reliable bulldog breeder in Colorado is to check the breeder's reputation and experience. ===== We recommend checking the breeders' website, social media, and online reviews to get an idea of their breeding program, health screening, and personality of the bulldogs. It is also essential to ask questions about the breeder's experience, knowledge, and commitment to producing healthy and well-behaved puppies. A good breeder will provide you with up-to-date information on puppy availability, prices, and health guarantees. They should also be transparent about their breeding program, including the bloodlines of the parents, genetic testing, and any potential health issues. When selecting a breeder, look for red flags such as: * Unwillingness to provide health clearances or genetic testing * Lack of transparency about the puppy's ancestry or health * Poor communication or unresponsiveness * Pushy sales tactics or low prices On the other hand, a reputable breeder will: * Provide health guarantees and take responsibility for any health issues * Be willing to answer questions and provide information about their breeding program * Offer guidance on training, care, and nutrition for your new puppy By doing your research and working with a reputable breeder, you can increase the chances of finding a healthy, well-behaved bulldog that will become a loving companion. Hi I'm Susanne...your Colorado bulldog breeder!! As with most stories of life ours is full of twists and turns. I was born, raised and traveled around the world growing up in a military family moving nearly every two years until college. I learned for piece of dirt to call home - settle into and never leave. I also dreamed of being wildlife biologist. This dream led me to career as wildlife officer and passion for wildlife grew into passion for canines. Being small statured female 5'3" if I stand straight 95 pounds if wet my family worried about long hours working in backcountry hours away from radio contact or nearest town. The solution - service dog. I imported best I could locate from Germany and husband picked up 8 week old puppy Kodiak Denver International Airport. He came from incredible lines was loyal companion and best friend on job. Kodiak saved my life one occasion sealed my love breed and deep passion for canine friends. He retired with me when I resigned to start family and spent remainder of his life watching over our first daughter Brooke. Our next German Shepherd Jana faithfully watched over our daughter Dalton and son Bridger. Back piece of dirt call home. Husband and I were searching ways to "tie us land" on mountain home built ranch from scratch. Not easy task. When it came starting cattle herd we scoured Craigslist looking for anything in budget. That herd since been sold as we quickly learned importance of genetics did not just fall canine world. We now have Akaushi cattle Kunekune pigs milking lines Nigerian dwarf goats. Six years later something still seemed missing from ranch - and we found missing link - English bulldogs. I met first bulldog Chowder 7 years earlier fell in love with little guy. I love German shepherds but thought of having real life cartoon character following me around or laying on front porch - couldn't even imagine! After talking about bulldogs nearly decade in 2021 my girls and I traveled 1738 miles picked up first three bulldogs. On October 3 2021 we brought home two sisters from champion bloodlines male from Bred with H.E.A.R.T. breeder. The three have brought us incredible amount of joy laughter. I cannot express words how funny these little dogs are and how they brighten day! After certifying our amazingly fun-loving bulldogs here we are. Our family - myself husband Bret our three children Brooke Dalton Bridger livestock pups Goose livestock protection dog Cassie our rescue dog Dozer Molly Winnie bulldogs. We cannot wait introduce you them. American Bulldog Puppies For Sale In Colorado American Bulldog Puppies For Sale In Colorado Find American Bulldog Puppies and Breeders in Colorado and helpful Bulldog information. All American Bulldog puppies found here are from AKC-Registered parents. Home Puppies American Bulldog Our litter prices can range from \$4,000 - \$5,500 per puppy. Why does it vary? The final cost of the litter depends on vet care, progesterone testing, breeding attempts, artificial insemination and C-Section fees. We currently use our own Sire, but in the future, may also use a stud and paying of the stud fee will also be a factor in pricing. Keep in mind, that all of our dogs are genetically tested and have their heart, trachea and knees certified prior to breeding. Therefore, in order to achieve premium genetics and litter diversity, we seek out top quality studs from around the country to breed with when we do utilize another male. Stud fees can range from \$1,000 to \$4,500 for a single breeding depending on bloodline and heritage of the male. The stud fee we pay does not include vet and travel costs associated with the breeding...it can be an expensive process. Therefore, we don't know our final breeding costs until it occurs and those fees are factored into the final price of the pups. Our November 2024 litter will all be one price, \$4,500 per pup with full AKC registration rights.
