

SAM

And?! It can still happen. My dad used to work for the senate, it's real.

Max crosses their arms and looks at Sam with sass.

MAX

Wasn't he an intern?

Sam throws their hands down.

SAM

He still did a lot there.

RONNIE

My god Sam calm down!

MAX

I would destroy an alien.

Sam, hands shaking, runs to the door and turns the key in the lock then pulls it out and swallows it.

MAX/RONNIE

What the fuck Sam!?

SAM

Its for the best, we just have to wait it out.

Ronnie flops onto the couch and lights a cigarette.

MAX

Honestly... I would so fuck up an alien.

SAM

Have you seen The Encounter, you wouldn't even know.

RONNIE

Then why are you freaking out?

SAM

We've been fighting them since we were kids. What do you mean why am I freaking out?

RONNIE

We? None of us have ever seen them.
