

# Tsumeb Water Treatment Plant

*Tsumeb, Namibia*

**7 MLD**

water treated

Supports local  
water supply

Achieved reliable and consistent supply for municipal needs

## CHALLENGE

- Limited access to clean, potable water in Tsumeb.
- Reliance on borehole and intermediate reservoir sources with inconsistent quality.

## SOLUTION & TECHNOLOGIES

A new potable water treatment plant for the Tsumeb Municipality was designed, installed and commissioned

## BENEFITS

- ✓ Product water complies to the NamWater Group A water quality

**Tsumeb Municipality**
