- 2 Recycling is dropped off at our facility.

Post Collection

3

Material is sorted using team members and automation to separate them by their respective product type.

4

Material is baled with similar materials.

5

Material is sold to end markets to be made into new packaging or products.

What Are Hard-to-Recycle Plastics and How Do I Dispose of Them?

Hard-to-recycle plastics—also referred to as single-use plastics—are items that require special treatment to recycle. These items may be recycled by placing them in a transparent Hefty® ReNew™ Orange Bag or clear bag and placed in your green recycling cart.

These items include:

- Snack bags
- Pudding cups
- Candy wrappers
- Pet food bags
- Styrofoam
- Plastic utensils
- Straws
