The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call (844) 995-5836. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. Important Questions	Answers	Why This Matters:
What is the overall deductible?	$0	See the Common Medical Event Chart below for your costs for services this plan covers.
Are there services covered before you meet your deductible?	Not Applicable	There are no services subject to a **deductible** on this plan.
Are there other deductibles for specific services?	No	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	$9,100 individual / $18,200 family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit. Certain services are subject to Reference-Based Pricing (RBP) paying a percentage of the Medicare allowable amount for covered services. This plan pays up to 125% of the Medicare allowable amount for covered services. There may be balance-billing charges if a provider charges beyond 125% of the Medicare allowable amount.
Will you pay less if you use a network provider?	Yes. Visit www.multiplan.com/sbmapa or call 1-800-454-5231 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No	You don't need a referral to see a specialist for covered services.

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
