Stay on top of the latest regulatory developments.

Alleviate your team's efforts in managing constant change.

Gain clear regulatory oversight for an effective compliance program.

Automate and reduce

95% reduction in the noise from regulatory updates

80% less time spent on process reviews
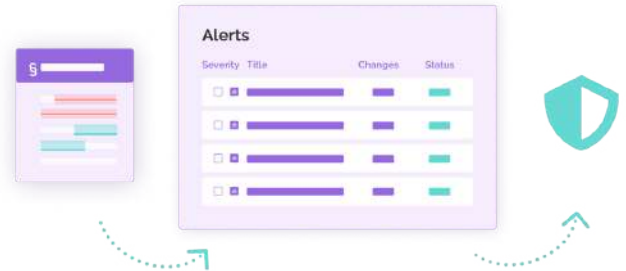

Solution Features

Smart Law Library

- Organize legal content by jurisdictions, topics, and activities.
- Filter, focus, and prioritize updates, based on your regulatory environment.
- Receive tailored alerts with a customized view to take notes and collaborate.
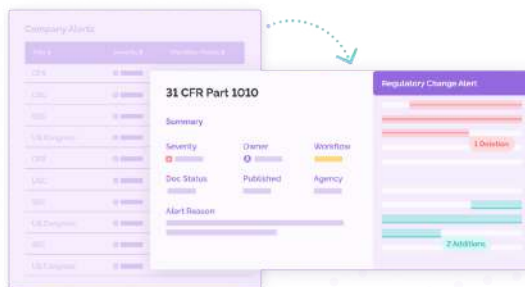

Horizon Scanning & Alerts

- Stay on top of regulatory developments.
- Track and analyze regulatory changes and agency alerts in one place.
- Leverage Horizon Scanning by tracking active bills by jurisdiction and status.

Automatic Change Tracking

- Automatically bring into view definitions, citations, and requirements.
- See what changed in a regulatory text with our automatic change-tracking feature.
- View the synopsis of an alert to get a brief summary of the content.

Enforcement Actions

- Get visibility into the latest penal actions and related laws and regulations.
- Get information on the Agency, Affected Entities, Penalty & Restitution Amount.

Intelligent Search

- Narrow your search results based on filters, like jurisdiction and document type.
- Include or exclude phrases and keywords to hone in on what is most relevant.

Regology and Onspring

Our regulatory intelligence platform integrates directly with Onspring, helping teams to have one source of truth, establish clear processes, and cut out the noise. We complement your Onspring solution by providing a word-class regulatory intelligence platform that has a robust regulatory change management solution to enhance your compliance program. Additionally, we support the mapping of regulation changes to controls, policies, and procedures at a global level, encompassing a true end-to-end governance system for optimal business operations.
