

Christina's Courage

Sexual Assault Advocacy Center in the Florida Keys

We were honored to be chosen as the beneficiary of Mary Ellen's Charity Night this past October. Every Thursday, the incredible staff at Mary Ellen's dedicates their time and energy to supporting local causes, and on our special night, they went above and beyond—entertaining guests and working tirelessly to raise funds for our organization.

We were deeply moved by the generosity of everyone who attended, including supporters from both near and far. Thanks to their kindness and enthusiasm, an amazing \$3,175 was raised for Christina's Courage, which will go directly to supporting survivors. We are truly grateful for this unforgettable evening and the community that made it possible.

Then, in early November, we participated in Community Days at the College of the Florida Keys, where we had the opportunity to raise awareness for Christina's Courage. A special thank you goes out to Date + Thyme, Key West Yoga Sanctuary, and IV's in the Keys for sponsoring a wellness giveaway that helped draw people to our table and spark meaningful conversations. We are so grateful for the continued support from our community!

CHRISTINA'S COURAGE X COMMUNITY FOUNDATION

We are thrilled to share that the Community Foundation of the Florida Keys has generously awarded Christina's Courage a \$5,000 grant! This incredible support will make a meaningful difference in the lives of survivors, helping us provide essential resources, advocacy, and healing programs. We are deeply appreciative of this partnership and the Foundation's commitment to empowering our community. Together, we are creating a safer, stronger future for those who need it most.

Tropic Cinema, Christina's Courage and KWNOW proudly partnered to host a special screening of *An Army of Women*. The film chronicles the courageous fight of sexual assault survivors in Austin, Texas, who joined forces in a groundbreaking class-action lawsuit against the Austin Police Department and Travis County District Attorney's Office for their systemic failure to investigate and prosecute sexual assault cases. Through intimate interviews and powerful storytelling, the documentary sheds light on the resilience of these women and their pursuit of justice, ultimately leading to historic changes in how such cases are handled.

All proceeds from ticket sales were donated to Christina's Courage. We extend our heartfelt thanks to everyone who attended and contributed to this important event—your involvement helps create meaningful change in our community.
