

Christina's Courage

Christina's Courage is a nonprofit organization providing free, confidential, and victim-centered services to survivors of sexual violence. Based in Monroe County, Florida, it offers crisis support, advocacy, counseling, and forensic services—and is the only sexual assault advocacy center serving Monroe County and the Florida Keys.

WALK IN MY SHOES 2026

Lauren's Kids Walk in My Shoes is a statewide awareness walk held each April that brings together communities across Florida to stand up for child safety, prevention education, and healing for survivors of childhood trauma. The walk is part of a 1,500-mile journey across the state during National Sexual Assault Awareness Month and National Child Abuse Prevention Month, symbolizing the importance of empathy, education, and collective action to prevent abuse before it happens. Participants are encouraged to walk a block, a mile, or more—because every step helps spark conversations, raise awareness, and promote prevention through education.

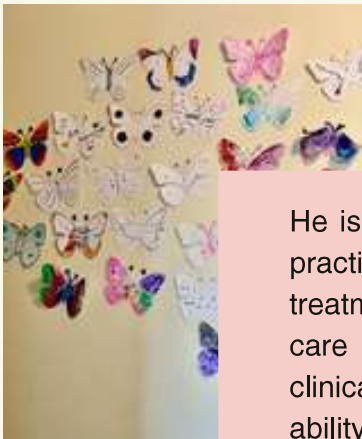

Christina's Courage proudly participated in the walk, joining thousands of advocates and supporters to walk alongside survivors and reinforce a shared commitment to compassion, understanding, and protecting childhoods.

NEW MEDICAL DIRECTOR

We are proud to welcome Dr. Thomas Morrison, MD as the new Medical Director of Christina's Courage. Dr. Morrison brings over 25 years of medical experience in family medicine and emergency medicine, with a long-standing commitment to compassionate, patient-centered care in the Florida Keys.

He is the founder of Doc On The Rock, a direct primary care practice that emphasizes accessibility, trust, and personalized treatment, and he continues to work in emergency and urgent care settings throughout the region. Dr. Morrison's extensive clinical background and leadership experience strengthen our ability to provide high-quality, trauma-informed medical oversight in support of survivors.

UPCOMING EVENTS + WAYS TO GET INVOLVED
