Visit Overview

Today we will be doing several things with you. First, we will have you read the consent form. We will answer any questions you have then you can sign the form if you are interested in participating in this study. Then, we will ask you questions about your use of nicotine products and about the medications you take. Finally, you will answer survey questions electronically.

Was a visit overview provided?

- Yes
 No

Please explain why visit overview was not provided.

Consent

As I just mentioned, I will first have you read the consent form on the device in front of you. Please read it carefully and let me know if you have any questions. As you progress through the form, you will click boxes to view the next section. Once you have reached the bolded red letters saying, "wait for experimenter", wait there and do NOT check the box, just let me know that you've reached that point in the consent form, and I will check it off for you. At this point, I will ask if you have any questions about what you read, and then I will ask you some questions to make sure you fully understand your participation in this study. If you decide you'd like to participate, I will have you provide your signature on the form. Do you have any questions?

As I just mentioned, I will first have you read the consent form that you will receive via a link sent to you. Please click on the link when you receive it. Read this form carefully and let me know if you have any questions. I will be here in the meeting with my camera off, so if you have questions as you go you can just ask me. As you progress through the form, you will click boxes to view the next section. Once you have reached the bolded red letters saying "wait for experimenter," wait there and do NOT check the box, just let me know that you've reached that point in the consent form and I will walk you through the next steps. I will ask if you have any questions about what you read, and then I will ask you some questions to make sure you fully understand your participation in this study. If you decide you'd like to participate, I will have you provide your signature on the form. Do you have any questions?

Payment

Here is the US Bank Visa card onto which we will be loading your study payments. You should register the card and set up a PIN if you want to use an ATM. Payments should appear 1-2 BUSINESS DAYS after your visit. Our study staff will add the payment to your card then the US Bank Card administrator at UB will have to approve the payment before it will show up on your card. If you have questions about your payment, please call us on our study line at 716-829-2323.

Here is the ClinCard (also known as a prepaid debit card) onto which we will be loading your study payments. You should register the card and set up a PIN if you want to take cash off of the card. If you want to get cash we recommend going to the teller window at any bank with your photo ID, or getting cash back at a store, since the company that runs ClinCard charges fees for ATM use. Payments should appear within 24 hours after your visit, but it is typically much faster than that. If you have questions about your payment, please call me at 215-XXX-XXXX or the customer service number on the back of your card. Would you like me to add an option for you to receive text notifications when payment is added?

Was the HSV completed?

- Yes
 No

If HSV was not completed, please note why below:

Upload a scan of the payment card with RISE [record_id] and [irf_appt_date] written just over the window that displays the payment card number.

Care Pack 1

This booklet reviews some of the best resources out there for quitting smoking and includes a section that walks you through some of the most important parts of a good quit plan.
