>28 drinks per week

Diagnosis of schizophrenia and/or bipolar

Suicide attempt past 3 months

Allergic/intolerant to nicotine patch/lozenge

No access to internet

Agree to the computer choosing where Intake visit will
be

We like to offer people resources for social services and support issues. We recommend the best way to get local referrals in your area is to call 211 or visit 211.org

PARTICIPANT IS INELIGIBLE:

Because it is a research study, we are looking for people with particular characteristics in their smoking/vaping. I am sorry, [phone_screen_arm_1][prefname], but based on your answers, you are not eligible to participate in this project.

[if person asks for details, provide additional information on why they are ineligible]

However, we really do appreciate your time today.

If you have questions about the research screening, you may call the research team at [ps_studyphone].

Would you like me to provide you with other resources to help with quitting smoking?

- ☐ Yes
☐ No

Great, I will send you a list of national and local quit smoking resources to you.

I'd like to confirm your email address. Is it [phone_screen_arm_1][email]?

Or if you would prefer not to provide an email, I can give you that information over the phone now?

Thank you again for your willingness to answer our questions. Have a nice day.

[End call]

PARTICIPANT IS ELIGIBLE:

Thank you for answering these questions. It looks like you are eligible to take the next step, which is what we call an Intake visit.

The Intake visit will last about one hour. During this visit, we will provide you with more detailed information about the study and you will get the opportunity to ask questions to decide if the project is right for you. This visit will take place either in-person here at the University at Buffalo South Campus or remotely using video conferencing. You will receive \$30 for completing this visit.

PARTICIPANT IS ELIGIBLE:

Thank you for answering these questions. It looks like you are eligible to take the next step, which is what we call an Intake visit.

The Intake visit will last about one hour. During this visit, we will provide you with more detailed information about the study and you will get the opportunity to ask questions to decide if the project is right for you. This visit will take place either in-person here at UPenn at 3535 Market St or remotely using video conferencing. You will receive \$30 for completing this visit. If you are randomized to attend the Intake visit in person at our clinic, you will receive an additional \$10 for travel reimbursement.

Do you have any questions about that? [Answer any questions.]

Are you still interested in participating?

- ☐ Yes
☐ No
-

Describe why PPT is not interested:

Reason for no interest (do your best to categorize)

- ☐ no reason
☐ don't have time to participate / schedule the visit
☐ no longer interested in the study
☐ leaving area for extended period/permanently
☐ insufficient compensation
☐ transportation
☐ other _____
-

Now let's see whether your Intake visit will take place in person or remotely. I'm going to have the computer flip a coin to see which one it will be.

Save and Go to Next Form (Randomization Intake)
