

RISE Project at UB

Welcome to the RISE Above Smoking Project!

Do you currently smoke cigarettes and want to quit?

You may be eligible to participate and earn up to \$180 for completing all parts of the study!

This research study is done to better understand how remote vs. in-person treatment and assessment settings may impact outcomes for those seeking to quit cigarettes. The study will involve a phone call then 6 visits that will last 30-60 minutes each and may be conducted remotely over Zoom or in person on the South Campus of the University at Buffalo.

If you're interested in participating, please fill out the following survey and a member of our staff will reach out to you with more information!

You can also feel free to call us on our study line at 716-829-2323 or email us at bhealth@buffalo.edu
