

Close Faster. Control Spend. Cross-System Visibility in NetSuite.

Legion embeds secure AI directly into NetSuite, giving finance leaders complete cross-system visibility, streamlined AR/AP workflows, and faster decisions — without leaving your NetSuite instance.

Built for finance teams, Legion unifies data from NetSuite, Salesforce, Jira, Google Drive or SharePoint, and more in one secure, role-aware AI assistant, directly accessible in your NetSuite Dashboard. Resolve disputes, research overdue invoices, and accelerate cash flow while honoring your existing permissions and compliance requirements.

Snapshot

- 25% Faster Workflows, Guaranteed¹**
Get 25% faster AR/AP workflows in 90 days or we'll refund your subscription fees
 - Cut AR/AP Task Time in Half**
Streamline follow-ups, reconciliations, and reporting
 - Go Live in Under 30 Days**
See results in the first month
 - Proven in High-Security Environments**
Built for and trusted by organizations with stringent compliance requirements, including the U.S. Department of Defense
- “ Our ops teams move *faster* when they don’t need deep NetSuite expertise. ”**
— CFO, Mid-Market Services Company

Seamless, Secure Connections

See data from NetSuite, Salesforce, Jira, Drive, and more in one view without chasing it across systems.

Workflows Without the Busywork

Streamline AR and AP tasks so finance teams focus on results, not manual steps.

Impact in Under 30 Days

Launch fast with prebuilt workflows, then scale to more systems or full agent orchestration as your needs grow.

How it Works

[01]

Legion Connects to Your Core Systems
NetSuite, Salesforce, Jira, Drive, and more.

[02]

You Work Inside NetSuite
Legion AI appears directly in your NetSuite dashboard.

[03]

Ask & Act in Plain Language
Find records, trigger workflows, and resolve AR/AP tasks instantly, across systems. Type what you need or select a pre-configured workflow.

[04]

Clear, Tracked Actions
Every action is executed in connected systems on behalf of the user, with full visibility into who did what, and when.

Trusted by the U.S. Department of Defense – Proven performance in the most secure environments

¹25% workflow improvement guarantee applies to prebuilt Legion finance workflows (e.g., invoice lookup, reminder email drafting, Salesforce task creation, cross-system account views). Based on time saved vs. manual execution within NetSuite and connected systems. Results may vary depending on adoption and configuration. Refund eligibility requires completion of standard Legion implementation and training. Refund requests must be submitted in writing within 90 days of contract start date. Full conditions available in Legion's Terms & Conditions.
