

watch it grow

Step 1: Choose a stock of a company you already know and use, for example:

Step 2: For 6 months, watch the stock grow. Or even put R100 into the stock. Once a month, check the stock price and complete the table below.

Tip for parents: Use something like Google Finance to check stock prices. You can condense 6 months of historic growth in to a 6 week period to make the lesson more impactful. For this purpose, perhaps choose a 6 month period in the past where the stock actually grew, we don't want to disappoint our Mini Millionaire now, do we?

Month	Date	Stock Price	Up / Down
#1	28/02/2025	R 120.25	
#2	31/03/2025	R 113.97	↑ ↓
#3	30/04/2025	R 103.46	↑ ↓
#4	30/05/2025	R 127.30	↑ ↓
#5	30/06/2025	R 132.26	↑ ↓
#6	31/07/2025	R 133.49	↑ ↓

watch it grow

Step 1: Choose a stock of a company you already know and use. Stick the logo of the company below.

Step 2: For 6 months, watch the stock grow. Or even put R100 into the stock. Once a month, check the stock price and complete the table below.

Month	Date	Stock Price	Up / Down
-------	------	-------------	-----------
