

tax time

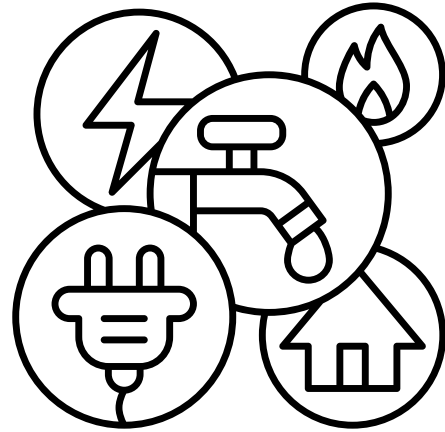

Alongside your Save, Spend, Share, and Sow jars, introduce a new one: the **Services Jar**.

Everyone contributes a little to this jar, just like paying taxes in real life. The money in the Services Jar goes toward things the whole family uses, like water, electricity, and WiFi.

Reflect a little

How did it feel to pay taxes?

It didn't feel very nice, I couldn't spend all of the money I earned.

What good things do we get back as a family when we contribute to taxes?

Well, at least we got wifi which helped me with my homework and I could watch some shows.

Would it be fair if some people didn't pay? Why?

No! If you wanna use the wifi, you better help pay for it!
