

# retirement rush

**Imagine you are retiring in three weeks, and for one week after that, you have to live off your retirement savings... Do you think you can do it?**

## Here is how it will work:

**Week 1      Earn & save for Week 4**

**Week 2**      **Earn & save for Week 4**

**Week 3**      **Earn & save for Week 4**

## Week 4 You are retired! Live off only your savings.

How much money do you need for Week 4? R 150  
 $\div 3$

## How much you need to save in Week 1

R50

## How much you need to save in Week 2

R50

## How much you need to save in Week 3

R50

**Fun fact: your parents will need about 300 times their monthly salary to retire. Can you image that number?**
