MY STRAWBERRY PATCH

THE BIG IDEA

Imagine you plant some strawberries and they double each week. One becomes two, two becomes four then eight and so on. That's exactly how your Sow Jar money can grow too, if you sow it in the right place and leave it be.

WORK IT OUT

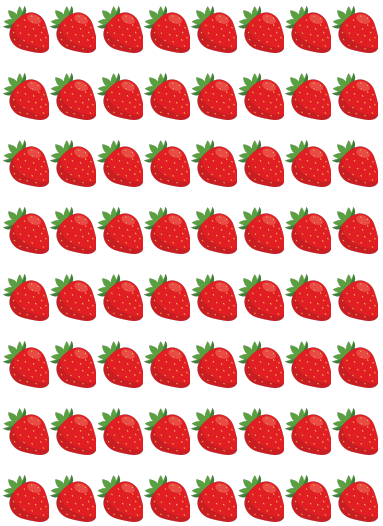

Calculate how many strawberries will grow each week and how many you will have in total after each week.

WEEK	STRAWBERRIES THIS WEEK	WEEK	STRAWBERRIES THIS WEEK
1	1	6	32
2	2	7	64
3	4	8	128
4	8	9	256
5	16	10	512
