I am still thinking about these churros! Gus and his team were amazing at our event. They were there to set up on time and cleaned all of their equipment thoroughly before starting. Gus had great communication prior to the event and answered any questions that we asked in a timely manner. The churros went down a treat at the event as they catered for most dietary needs. They looked, smelt and tasted incredible! We would definitely use them again for other events. Thank you, Gus and Team!

Gus and his churros have left a lasting impression on our team! we had them come by for an event recently, and were so impressed with the service and the quality of the churros. Both flavours were amazing, the churros itself was crunchy and fresh, and we had a lot of happy people in the office that day!
