Altayaboon Technology: Elevating Cyber Resilience

Redefining cybersecurity awareness training for modern threats. We offer an innovative, interactive, and professional service portfolio. Empower your workforce as your first line of defense.

by manoj prabhakaran

The Growing Threat: The Human Element

- **74% of breaches** involve human error.

- **Phishing** is the top attack vector.

- Average breach cost is **$4.45M** globally.

- Traditional training is **ineffective**.

Altayaboon's Innovative Approach: Beyond Compliance

Behavior Change

Move past basic training for true security awareness.

Live Simulations

Experience immersive, impactful learning scenarios.

Custom Content

Tailored to your industry and specific threats.

Practical Skills

Focus on immediate threat recognition.

Made with GAMMA

Our Live Simulation Methodology: Learn by Doing

Baseline Assessment

Identify vulnerabilities through simulated attacks.

Continuous Reinforcement

Micro-learnings and periodic re-simulations.

Targeted Training

Modules based on organizational weak points.

Realistic Simulations

Custom scenarios using current threat intelligence.

Immediate Feedback

Real-time coaching and detailed reports.

Altayaboon Professional Service Portfolio

Awareness Training	Live simulation, gamification, executive reporting.
Phishing & Social Engineering Drills	Multi-vector campaigns, deep analytics.
Vulnerability & Pen Testing	Proactive technical security analysis.
Incident Response	Planning, tabletop exercises for breaches.
Policy & Compliance	Aligning with NIST, ISO 27001, GDPR.

Tangible Benefits & Measurable Outcomes

80%
Risk Reduction

Reduced successful phishing click rates.

40%
Threat Detection

Increased employee reporting of suspicious activities.

$4.4...
Cost Savings

Preventing costly data breaches.

100%
Security Culture

Foster a vigilant, collective mindset.

Comprehensive Training Syllabus & Key Modules

- **Module 1:** Phishing & Social Engineering.
- **Module 2:** Password & MFA best practices.
- **Module 3:** Malware & Ransomware Protection.
- **Module 4:** Data Handling & Privacy (GDPR/CCPA).

- **Module 5:** Mobile & Remote Work Security.
- **Module 6:** Physical Security awareness.
- **Module 7:** Incident Reporting & Response.
- **Module 8:** Emerging Threats (AI, Deepfakes).

Success Story: Global Financial Services Client

A 15,000-employee financial firm suffered 4 major phishing incidents. Altayaboon implemented a 12-month program with bi-monthly simulations.

- Reduced click rate from **22% to 1.5%** in 6 months.
- **Zero human-error** related breaches in 18 months.
- **Saved $5M** in potential breach costs.

Altayaboon transformed our workforce into our strongest cybersecurity asset.

Why Choose Altayaboon Technology?

Expert-Led
Certified specialists with real-world incident experience.

Customization
Programs built for your unique needs and threat landscape.

Proven Results
Data-driven methodology for measurable risk reduction.

Cutting-Edge
Continuously updated threat scenarios and support.

Partner with Altayaboon: Secure Your Future

Invest in your most critical asset: your people. Elevate your cybersecurity posture from reactive to proactive. Schedule a personalized demo today.
