# Introduction to **Prevent Sewing**

## A Leader in Apparel, Fashion, and Outdoor Solutions

Prevent Sewing, as part of the globally recognized Prevent Industrials, stands at the forefront of the textile and apparel industry. With production hubs in Travnik, Zenica, and Goražde, we combine tradition, precision, and modern technology to deliver

exceptional products for the global market. Each location contributes to a unified vision of quality and innovation, offering specialized expertise and seamless collaboration across all facilities.

This holistic approach ensures that our products are not only exceptional but also responsibly made, aligning with the values of our clients and partners worldwide.

## Travnik

Travnik, located in the heart of Central Bosnia, is renowned for its craftsmanship in classic men's suits. This facility embodies precision tailoring and a dedication to timeless style.

## Zenica

Complementing Travnik's tailoring expertise, Zenica focuses on advanced processes such as cutting, sewing, and finishing, ensuring exceptional quality in every detail.

## Goražde

Meanwhile, Goražde specializes in technical and performance-oriented garments, including protective clothing, military apparel, and skiwear. Together, these locations create a comprehensive production network that meets diverse market demands.

Strategically positioned and supported by skilled workforces, Prevent Sewing's facilities leverage the strengths of their respective regions. This synergy enables us to uphold the highest standards of quality and reliability, reinforcing our position as a trusted partner in the global apparel industry. With decades of experience and a commitment to innovation, Prevent Sewing integrates sustainability into every stage of production. From the careful selection of materials to the adoption of energy-efficient processes, we aim to meet modern environmental standards while delivering unparalleled quality.

# Vision Mission

Driven by  
**Purpose.**

Guided by  
**Values.**

Our mission, vision, and core values shape every aspect of our operations, ensuring we remain a trusted leader in the textile industry.

## Mission

We are dedicated to achieving flexibility in our operations, maintaining exceptional productivity, and delivering the highest quality products and services. Our unwavering goal is customer satisfaction, ensuring every partnership is built on trust and consistent excellence.

## Vision

We strive to set new benchmarks in transparency, foster a proactive and diligent approach to our work, and build lasting trust with our clients and partners. This vision underpins our efforts to be recognized as a reliable and innovative force in the global market.

## Values

Professionalism and a results-oriented mindset are at the heart of our corporate culture. By embracing a positive outlook and fostering teamwork, we ensure a collaborative and efficient work environment. Our proactive approach drives continuous improvement and reinforces our commitment to delivering on promises.

Key to our philosophy is the unwavering focus on product quality and timely delivery, which have become hallmarks of our reputation. Guided by these principles, Prevent Sewing continues to exceed expectations and uphold the standards that define our success.

# Mastering Excellence

## Across Locations

At Prevent Sewing, we seamlessly combine craftsmanship, innovation, and expertise across our facilities in Zenica, Travnik, and Goražde. Each location is a testament to our dedication to quality, precision, and delivering tailor-made solutions for global markets.

# Zenica

# The Powerhouse of Precision

Located in the heart of Bosnia and Herzegovina, our Zenica facility sets the benchmark for cutting-edge textile production.

**8,000**  
sqm

Specializing in the cutting and sewing of garments from diverse textiles and synthetic leather, Zenica stands as a pivotal hub within Prevent Sewing.

Strategically positioned just 50 kilometers from Sarajevo and 144 kilometers from the EU border, this facility ensures logistical efficiency

and accessibility. Spanning 8,000 square meters, it houses modern office spaces, advanced production areas with steam systems, and dedicated storage for raw materials and finished goods.

We are well-positioned to expand and adapt to future opportunities, reinforcing its role as a cornerstone of our operations.

**350**  
employees

With an annual production capacity of 51,500 suits and 70,200 jackets, our skilled workforce of 350 employees ensures each piece meets the highest standards of quality and craftsmanship.

# Travnik

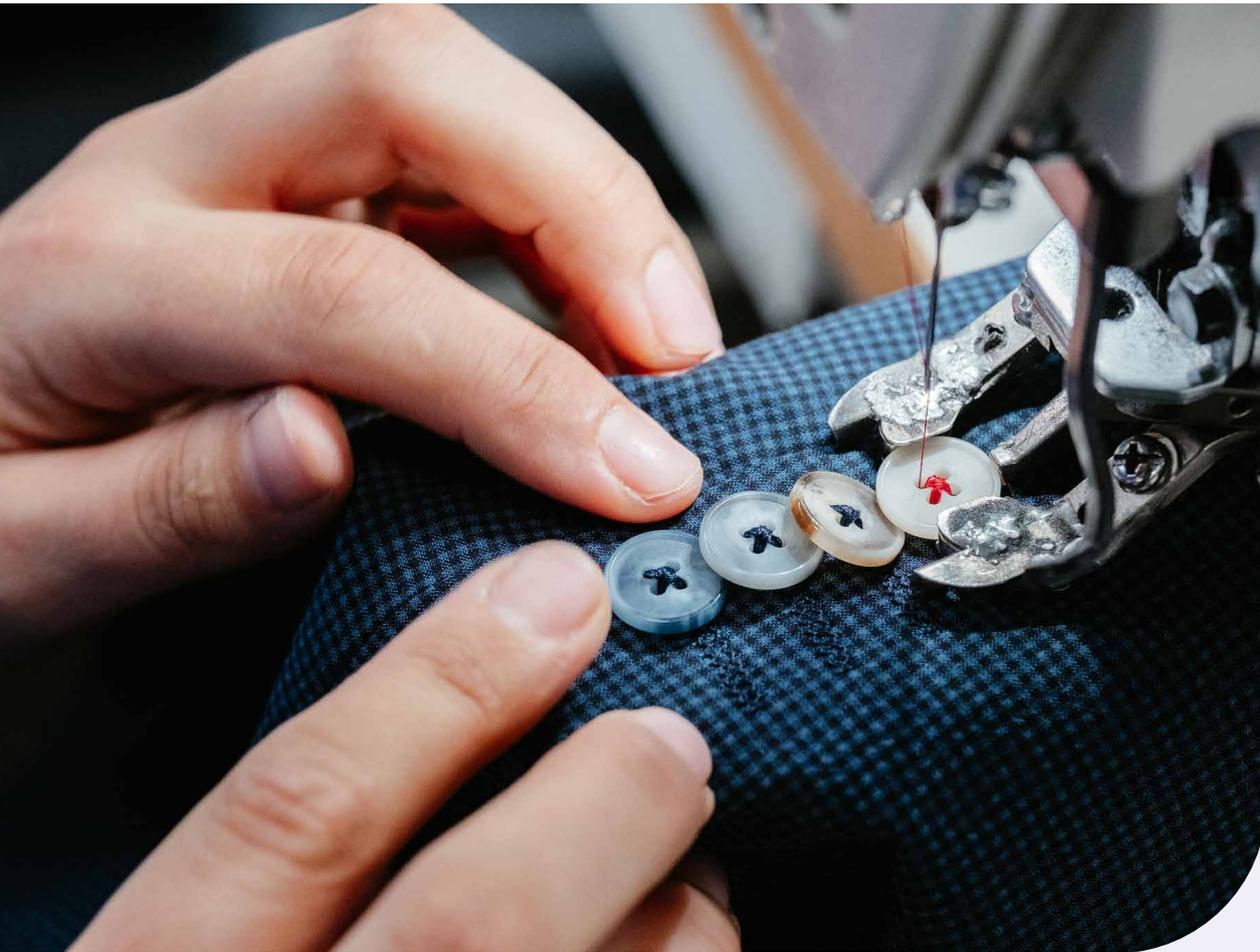

# Elevating Classic Tailoring

Our Travnik facility, nestled in Central Bosnia, is a beacon of refined craftsmanship and tailoring expertise.

5,436  
sqm

Renowned for producing classic men's suits, this location epitomizes elegance and precision.

We reflect our unwavering commitment to excellence and our ability to meet the demands of discerning international markets.

**270**  
employees

With a production site of 5,436 square meters and cutting-edge machinery, Travnik achieves an impressive annual output of 177,000 jackets and 177,000 trousers. Supported by a dedicated team of 270 professionals, this facility ensures impeccable quality and attention to detail in every garment.

# Goražde Innovating Apparel

Our Goražde branch represents the pinnacle of technical expertise and innovation, delivering specialized solutions for global clients.

7,243  
sqm

With 242 employees, including 206 direct production workers, this facility combines skill, precision, and advanced technology to produce exceptional results.

Key specializations include cutting and sewing seat covers and headrest upholstery (fabric and leather), as well as protective,

military, and ski apparel. Supported by a robust quality management system, Goražde consistently meets the most stringent industry standards.

Our facility's scalable infrastructure and advanced machinery ensure adaptability for new projects and growing demand.

**242**  
employees

This flexibility ensures Goražde remains a dynamic and indispensable part of Prevent Sewing's network, driving innovation and excellence across the industry.

# Unleashing Excellence

Expertise, and  
Production  
Capabilities

locations

**Zenica**  
**Travnik**  
**Goražde**

At Prevent Sewing, we are proud to be an integral part of Prevent Industrials, a company dedicated to excellence in manufacturing, innovation, and craftsmanship. With state-of-the-art facilities in Zenica, Travnik, and Goražde, we combine cutting-edge technology, deep industry knowledge, and a highly skilled workforce to deliver high-quality solutions tailored to the specific needs of our clients. Our diversified expertise allows us to operate across various industries, providing everything from tailored garments to technical sewn products for the automotive and protective wear sectors.

# Zenica Facility

A Hub of Versatility and Excellence in Tailoring

**BOSS**  
HUGO BOSS

**DIGEL**  
THE MENSWEAR CONCEPT

**CARL GROSS**  
SINCE 1925

Our Zenica facility is currently focused on producing men's and women's suits, overcoats, and waterproof jackets for **Synergy Group**, a long-standing client that values our commitment to quality and timely delivery. In the past, we have collaborated with globally recognized brands, such as:

**Hugo Boss:** Premium men's suits (now transitioned to another facility).

**Digel:** High-end men's suits.

**Carl Gross:** Precision-crafted vests.

These partnerships reflect our ability to meet the rigorous demands of top-tier brands, consistently delivering products that meet their exacting standards.

# Expertise & Technology

At Zenica, our team of experts excels in tailoring, with specialized skills in processes such as pressing, seam sealing for waterproof garments, and final product finishing. This ensures every piece not only meets but exceeds client expectations. The team is supported by advanced machinery, which includes:

## **Cutting Machines**

3 units for precise material preparation.

## **Fixing Presses**

1 unit to ensure durability and accuracy.

### **Sewing Machines**

255 units for diverse garment construction.

### **Automated Systems**

14 units to optimize production speed and consistency.

### **Press Machines**

30 units for finishing touches.

### **Ironing Tables**

61 units for impeccable presentation.

# Production Capabilities

We take pride in delivering a diverse range of precision-engineered components tailored to meet the specific needs of our clients across various industries.

Moreover, many of our employees bring expertise from the automotive sector, enabling us to deliver precision-crafted seat covers and other sewn automotive components.

This flexibility allows us to take on virtually any sewing-based production challenge, making us a versatile and reliable partner.

# Travnik Facility

The Pinnacle  
of Tailored  
Elegance

Travnik is synonymous with premium tailoring, having built its reputation on producing luxury men's classic suits. Our location collaborates with some of the most esteemed brands in the fashion industry, including: Hugo Boss, Digel, Carl Gross, Synergy Group, Drykorn, Ahlers AG, Dressler.

These partnerships speak to the trust our clients place in us to deliver unmatched quality and sophistication in every piece we produce.

**BOSS**  
HUGO BOSS

**DIGEL**  
THE MENSWEAR CONCEPT

**CARL GROSS**  
SINCE 1925

 **SINERGY**

**DRYKORN®**

**ahlers** group

**DRESSLER**

# Expertise & Technology

The Travnik facility is a benchmark for excellence in classic tailoring, combining craftsmanship with modern technology. Our expertise lies in producing timeless men's suits using a variety of high-quality materials to meet our clients' unique specifications. The facility is equipped with advanced technology designed specifically for suit production, ensuring every garment is crafted to perfection.

Our specialized machinery includes:

**Juki**

Sewing Machines and  
Automated Systems

**ASS**

Automated Systems

**Dürkopp**

Sewing Machines and  
Automated Systems

**Kansai**  
Machines

**Indupress**  
High-performance pressing line

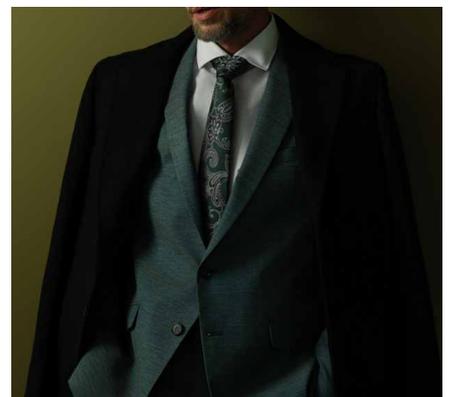

**Veit Brisay**  
High-performance pressing line

# Production Capabilities

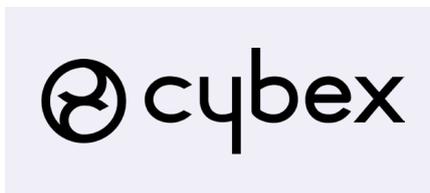

Our primary focus is producing men's classic suits, with the adaptability to shift to women's tailored suits as needed.

# Goražde Facility

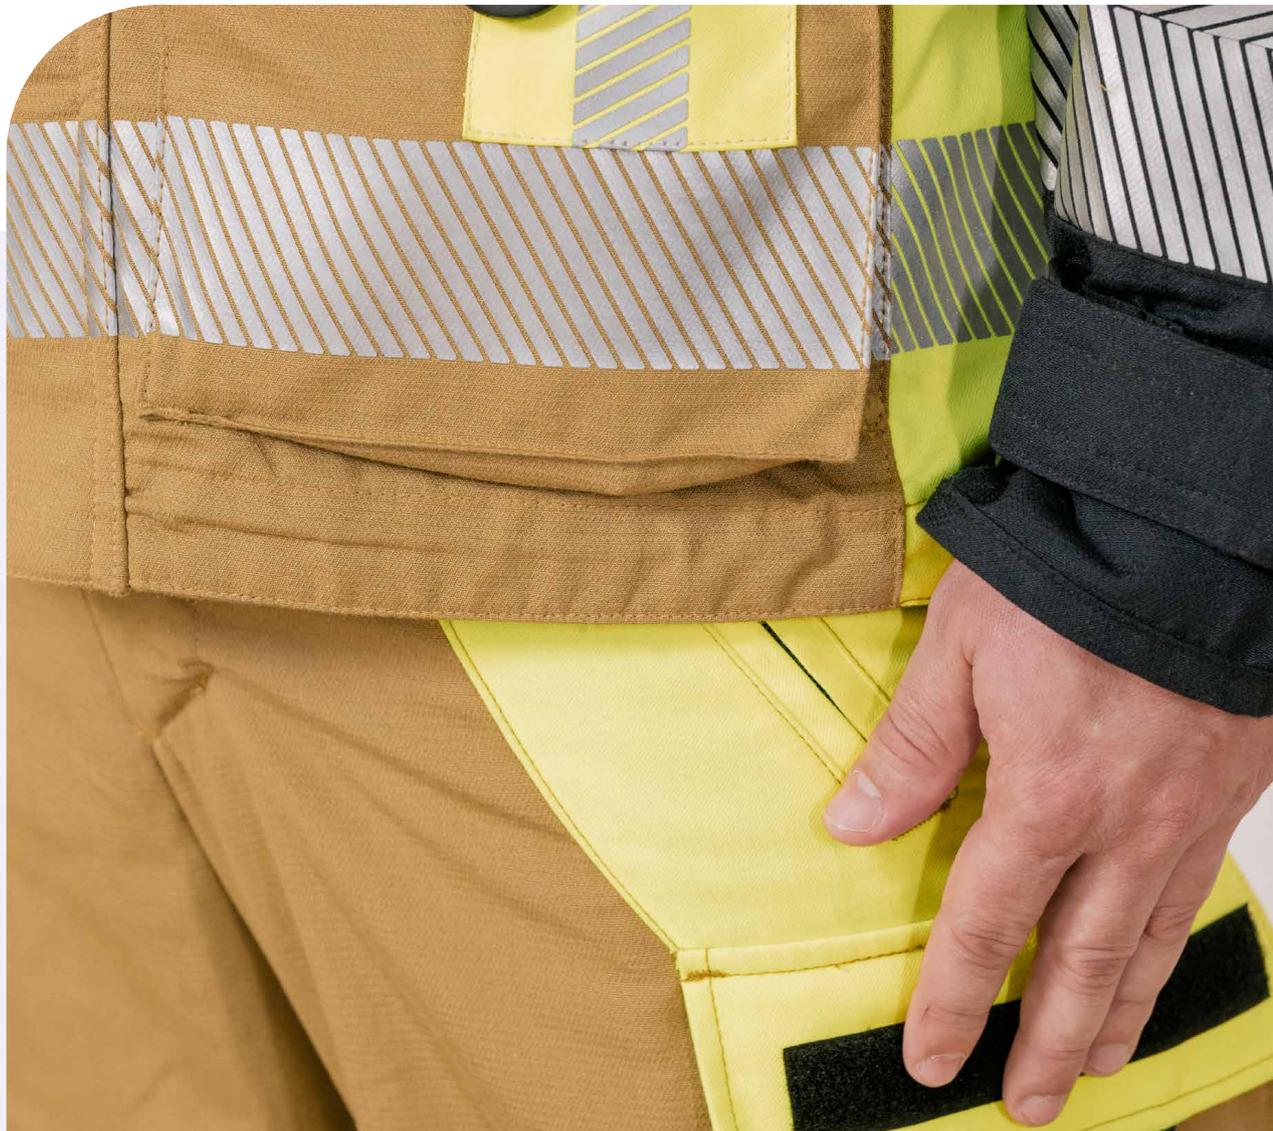

Large-Scale  
Production with  
Unmatched  
Capacity

The Goražde facility specializes in automotive seat covers, industrial sewn products, and a variety of textile and apparel items. Trusted by clients such as Adient, Jifeng Interior, Texport, Britax Romer, Cybex, and Ford it combines scalability with flexibility to meet diverse production needs, making it a key asset for high-quality, tailored solutions.

# Machinery & Capacity

The Goražde facility is a powerhouse of production, offering one of the largest capacities within Prevent Industrials. This extensive infrastructure allows us to cater to both large-scale orders and highly specialized products, maintaining consistency and quality across all production phases.

**650+ sewing machines**

and other specialized equipment,  
with 170 machines currently in  
operation.

**8 cutting machines**

enabling high-volume production  
with precision and efficiency.

**Assembly line**

for component manufacturing,  
ideal for complex projects.

# Production Versatility

We are well-suited for projects in the automotive and apparel industries

**Automotive seat covers and components.**

**Technical sewn products for industrial use.**

**A wide range of textile and apparel items.**

Our ability to scale production while maintaining flexibility makes Goražde an invaluable asset in meeting diverse client needs.

At Prevent Sewing, we believe that our strength lies in the synergy between our people, technology, and commitment to excellence.

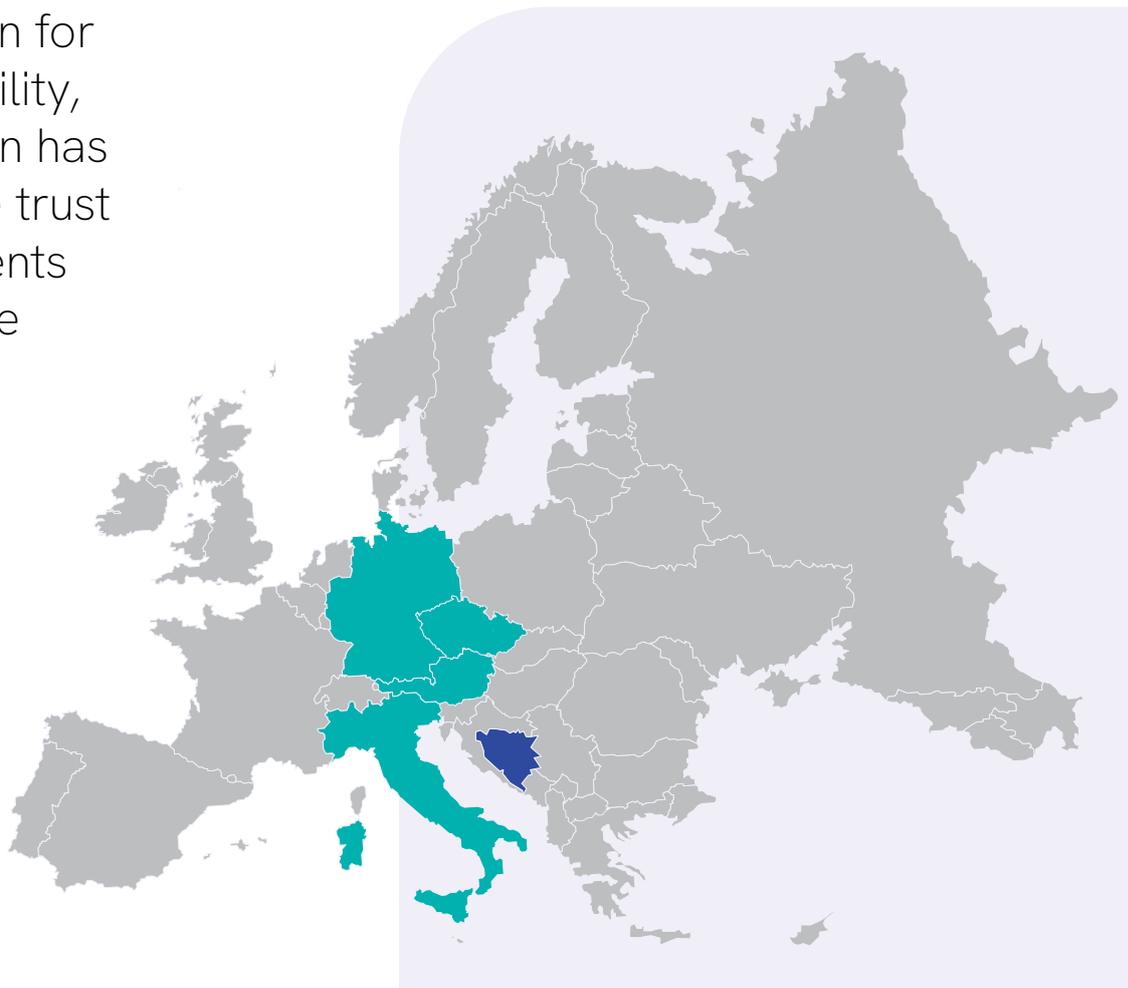

Whether you need high-quality tailored garments, technical sewn products, or large-scale production capabilities, our facilities in Zenica, Travnik, and Goražde are ready to exceed your expectations. Let us help you bring your vision to life with our unparalleled expertise, professionalism, and dedication to quality.

# Global Presence

Our reputation for quality, reliability, and innovation has earned us the trust of leading clients across diverse sectors.

**Travnik:**

Germany, Italy

**Zenica:**

Germany, Italy

**Goražde:**

Germany, Czech Republic, Austria

# Certified Excellence

At Prevent Sewing, our certifications are not just a formality – they are a reflection of our unwavering commitment to excellence, precision, and responsibility. Across all our locations, we uphold the highest global standards.

A Testament to Quality and Sustainability

**Travnik**  
ISO 9001 : 2015  
ISO 14001 : 2015

**Zenica**  
ISO 9001 : 2015  
ISO 14001 : 2015

**Goražde**  
IATF 16949

These certifications are a testament to our world-class operations and our drive to set new industry benchmarks. They embody our dedication to precision, innovation, and sustainable growth.

# Conclusion Contact

Our strength lies in the seamless synergy of skilled professionals, cutting-edge technology, and an uncompromising commitment to quality. Whether it's high-end tailored garments, advanced technical sewn products, or large-scale production, our facilities in Travnik, Zenica, and Goražde are primed to deliver results that exceed expectations.

We don't just meet standards - we redefine them. Our expertise, professionalism, and passion for perfection are the pillars that ensure your vision becomes reality.
