

REQUEST FOR PROPOSALS

Notice to Bidders
DEVELOPMENT CORPORATION OF MERCEDES
MERCEDES, TEXAS
3rd Street Electricity

PUBLIC NOTICE

Notice is hereby given that the Development Corporation of Mercedes is soliciting bids for electricity located on Third Street between Texas Street and Ohio Street.

Specifications, and instructions to Bidders may be obtained via MercedesEDC.com beginning **Thursday, August 27 2025**. A bid package set will also be available for viewing at Development Corporation of Mercedes at 320 S. Ohio, Mercedes, TX.

Sealed bids will be received by the **Development Corporation of Mercedes**, via **email** until **10AM on Tuesday, September 23, 2025**, and then opened, read, and taken under advisement. Bids will be for the furnishing of all necessary materials, machinery, equipment, labor, superintendence, and all other services and appurtenances required for the installation of electricity and shall include acknowledgement of any addenda submitted, and all other documents included in said bid call. No bids may be withdrawn after the scheduled opening time. Any bids received after scheduled bid opening time will be returned unopened. Said bid shall be marked:

"3rd Street Electricity"

Should this solicitation fail to contain sufficient information in order for interested firms to obtain a clear understanding of the services required by the DCM, or should it appear that the instructions outlined in the solicitation are not clear or are contradictory, any interested firm may in writing request clarification no later than 1 p.m. on **Friday, September 19, 2025** via email (zmascorro@mercedesedc.com). Written requests from interested firms and written responses by the Development Corporation of Mercedes will be provided to all Applicants.

Development Corporation of Mercedes Issue for BID

Electrical work must be consistent with City standards with regards to latest construction and design trends. Electrical renovations should be carefully considered and be seen as an opportunity to substantially enhance the functionality of Third Street to host events.

Electrical Renovations include:

1. Installation of 200amp electrical overhead with a new meter inclusive of loop services at the parking lot and electrical outlets
2. Installation of power outlets on the opposite side of the parking lot
3. Installation of one street pole 20 feet tall inclusive of electrical outlets
4. Installation of 6 commercial grade LED outdoor string lights
5. Installation and care plan (warranties)

See the attached map for more information. All trenching must be paved appropriately.
