

Aroma Concierge

Company background

Founded in Dubai, Aroma Concierge has grown into a trusted name in the field of bespoke scent solutions, building a strong reputation for quality, creativity, and innovation. Our journey began in one of the most competitive markets in the world, where we successfully partnered with luxury brands, multinational corporations, and private clients to deliver memorable aromatic experiences.

Building on this success, we have expanded our operations to Cyprus, where the company is experiencing rapid growth, and are now strategically entering the Greek market. Our diverse portfolio includes collaborations with Bentley, leading pharmaceutical companies, and fintech innovators, showcasing our ability to adapt and deliver across industries.

With our sister company, The Alchemist, we are recognized as pioneers of the aroma industry in Europe, offering tailored solutions that redefine how scent enhances events, spaces, and brand identity.
