## OUR STORY

While planning our own wedding, we struggled to find a meaningful gift for our family and friends. Another candle or a bottle of wine felt too ordinary.

With the Perfume Bar, you're not just gifting a perfume—you're offering a full sensory experience, created live and personally by your guests.

## 1) How does the perfume bar experience work?

As the event organizer, You select up to six different scents to be showcased on the event day. Our Alchemist Team will assist Your guests in choosing their preferred scent and will fill preordered bottles with event specific labels. Each guest will leave with a personalized perfume gift of their choice.

## 2) What perfumes can we choose from?

We've created our own Alchemist Collection of over 100 unique scents. You simply guide us with your preferences—floral, spicy, woody, fresh—and we curate an unforgettable combination tailored just for you.

## 5) Can the Perfume Bar be customized?

Of course—that's the heart of the experience ✨ From bottle labels and décor to color palettes and branding, everything can be personalized. We love when couples get creative—naming perfumes after a favorite restaurant, the place of their first date, or a meaningful memory.

# FAQ

## 3) Are the perfumes long-lasting?

Absolutely. All our perfumes are crafted with a 30% oil concentration, making them Extrait de Parfum—the highest quality in perfumery. For comparison, most well-known brands use only 18–22% oil.

## 4) What is your cancellation policy?

We understand that life can be unpredictable and always aim to act in our clients' best interest. For full details, please refer to our Event Agreement, where everything is clearly outlined.
