

Curious by nature and analytical at heart, I'm a UX designer with a multidisciplinary background spanning science, education, and business. My journey has taken me from medical labs to distribution offices, tutoring sessions, and now into design where I combine logic, empathy, and creativity to solve real-world problems.

Hi, i'm Fouad Massaad

UX/UI Designer

EXPERIENCE

jan 2024- Oct 2024

Purchasing officer - Ciel book Distribution

At the intersection of logistics and learning, I handled supplier relations, tracked inventory, and coordinated bulk purchases for book stores and school.

2023-2024

Math Tutor - 2ème Ecole

I adapted explanation to different learning styles and used story telling and visual aids to simplify complex topics..

EDUCATION

2024

UX Bootcamp

A deep dive into user research, wireframing, and prototyping, with a focus on accessibility and user testing.

Skills

Curiosity-drive research

User empathy

Figma

Pattern recognition

Iterative mindset
