What is CTX?

OTC Desk

For institutional clients and high net worth individuals to trade large volumes of crypto and fiat.

Remittance Network

Compliant crypto-to-fiat transfers and settlements both domestically and internationally.

Crypto on/off ramp

Securely on and off ramp your crypto-to-fiat & vice-versa under proper KYC and AML processes.

Why choose us?

CloudTechX offers a bespoke and personalised service ensuring peace of mind for moving your digital assets and fiat currencies.

Trade Sizes

Trading volume amounts above \$50,000.

Settlement Time

Same-day settlement via local rails in Australia, Europe & S.E Asia.

Fiat Currencies

Support for BTC, ETH, USDT, USDC and more on request.

Cryptocurrencies

Support for AUD, USD, GBP, SGD, HKD, AED, IDR and more on request.

What sets us apart

01.

We pass on institutional grade rates with no hidden fees, ensuring total transparency.

02.

Registered with AUSTRAC as a DCE, FX and remittance network provider.

03.

Access to trading desk via Whatsapp, Telegram, Phone or Email.

Introducing CobWeb Pay

The retail product of CloudTechX.

The features

Virtual Fiat Account

Any verified user on CobWeb Pay receives a native AUD account with a designated PayID, BSB and account number.

Multi-asset wallet

Store Australian Dollars (AUD) and all the major cryptocurrencies in one single account.

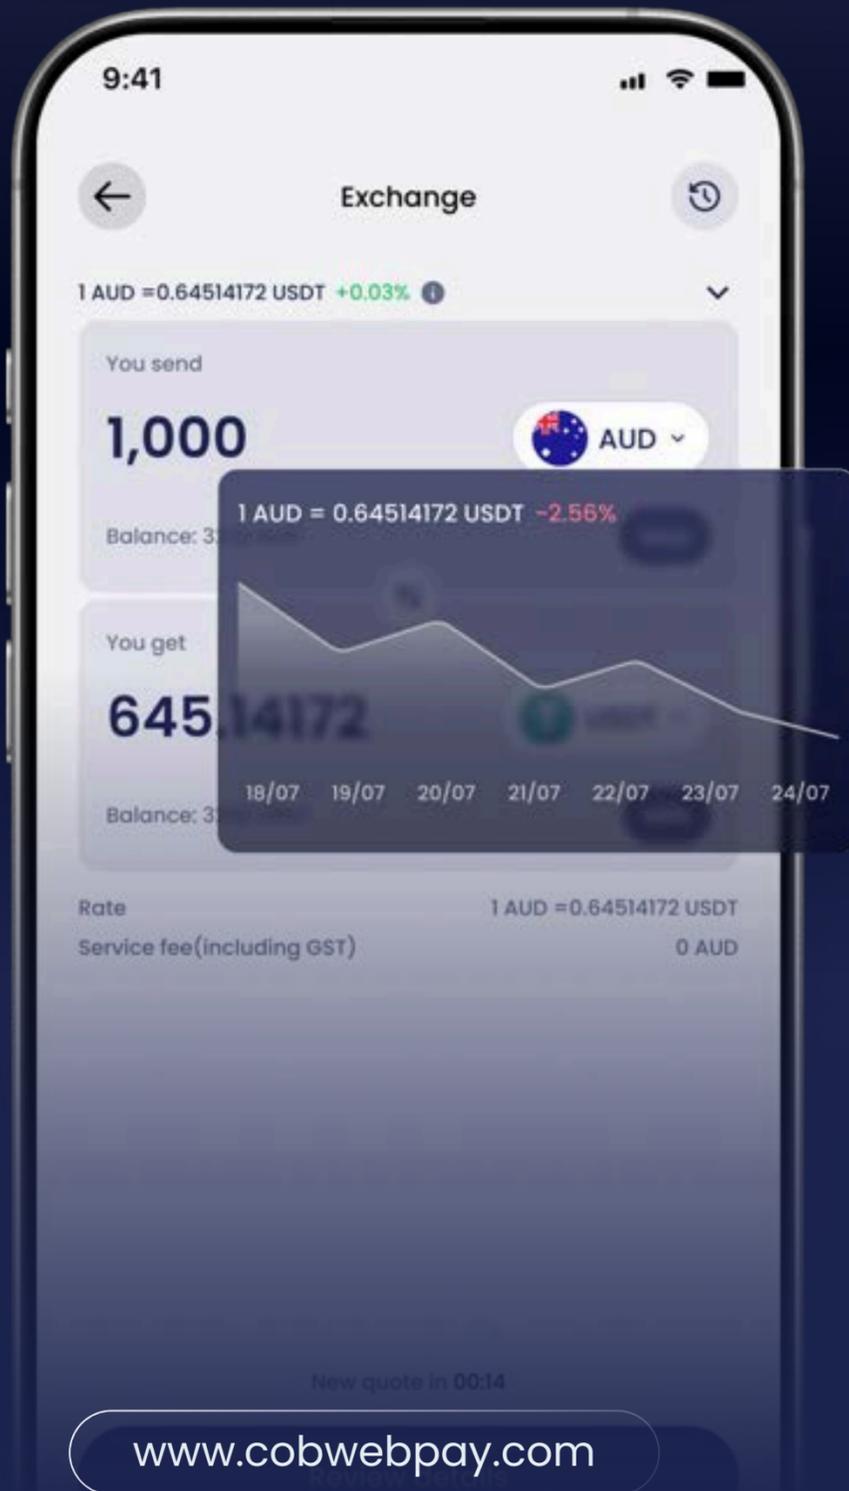

More features

↔ P2P Trading

Set your rates and fees to compete with others or snag the cheapest deals on crypto or fiat.

A\$ AUD on/off ramp

Our fiat-to-crypto and crypto-to-fiat on & off ramp solution is convenient and secure.
