AI SMS Systems

AUTOMATE CONVERSATIONS. ACCELERATE CONVERSION.

Our AI-powered SMS agent turns your phone number into a real-time customer support, lead qualification, and follow-up machine. It's trained on your business, always available, and infinitely scalable—without the overhead of human reps.

What It Does (Core Capabilities)

1. Instant Lead Follow-Up

- Auto-replies to form fills, missed calls, or keyword triggers
- Responds in <5 seconds—day or night

2. Qualification Flows

- Captures name, service needed, location, urgency
- Scores and routes leads by intent or criteria

3. Appointment Booking

- Connects to your booking system or internal calendar
- Can send confirmations, reminders, and reschedule links

4. FAQs + Knowledge Base Support

- Answers common questions (hours, pricing, services, etc.)
- Fully customizable to your business logic and tone

5. Two-Way Thread Memory

- Understands ongoing conversation context
- Can pause and resume threads like a human

Optional Add-ons

1. CRM Integration

- Pushes lead data into HubSpot, GoHighLevel, Salesforce, etc.

2. Dynamic Prompts by Page or Ad Source

- Adjust responses based on campaign origin

3. Multilingual Response Handling

- Engages customers seamlessly across languages

4. AI Appointment Routing

- Routes bookings based on territory, rep availability, or time slot logic

5. Re-engagement Campaigns

- Reactivates stale leads or no-shows automatically
