

Bridge School Malvern

As the proud Headteacher of Bridge School Malvern, it is my pleasure to welcome you to our website.

My priority as Headteacher is to ensure that we keep our school community safe and provide opportunities for everyone to thrive. Our watchword is 'respect': we learn to respect ourselves, respect each other and respect our environment. This helps us to be safe, and feel safe.

We offer a diverse and practical curriculum, making good use of our five-acre small holding (for key stages 3 and 4) and our four micro businesses (sixth form). Without the pressure and stress of GCSEs, young people experience ongoing support and assessment through a range of vocational qualifications. These prepare them for a successful transition into apprenticeships, further education and employment.

Our dedicated team of teachers ensure children experience success both inside and outside the classroom. Success can be experienced in many different ways. It could be in mastering a new skill, or learning to reflect positively on mistakes; it could be overcoming a long-standing challenge, or in finding a strategy that means, 'I can cope'.

Working with families is an important part of our ethos. It is by working together that we can provide the best support for children.

We have high standards of behaviour & attendance and an unwavering commitment to the personal development of our children. We want them to recognise their strengths, and to appreciate how we are all different and contribute to our school community in different ways. Our aim is for them to transition into the next stage of their lives, able to make a positive contribution to their families, work and college settings, and to their communities.

If you have any questions or would like further information, please do not hesitate to get in touch.

Sue Hornby MBE
Headteacher
