

Mentoring Program 2026

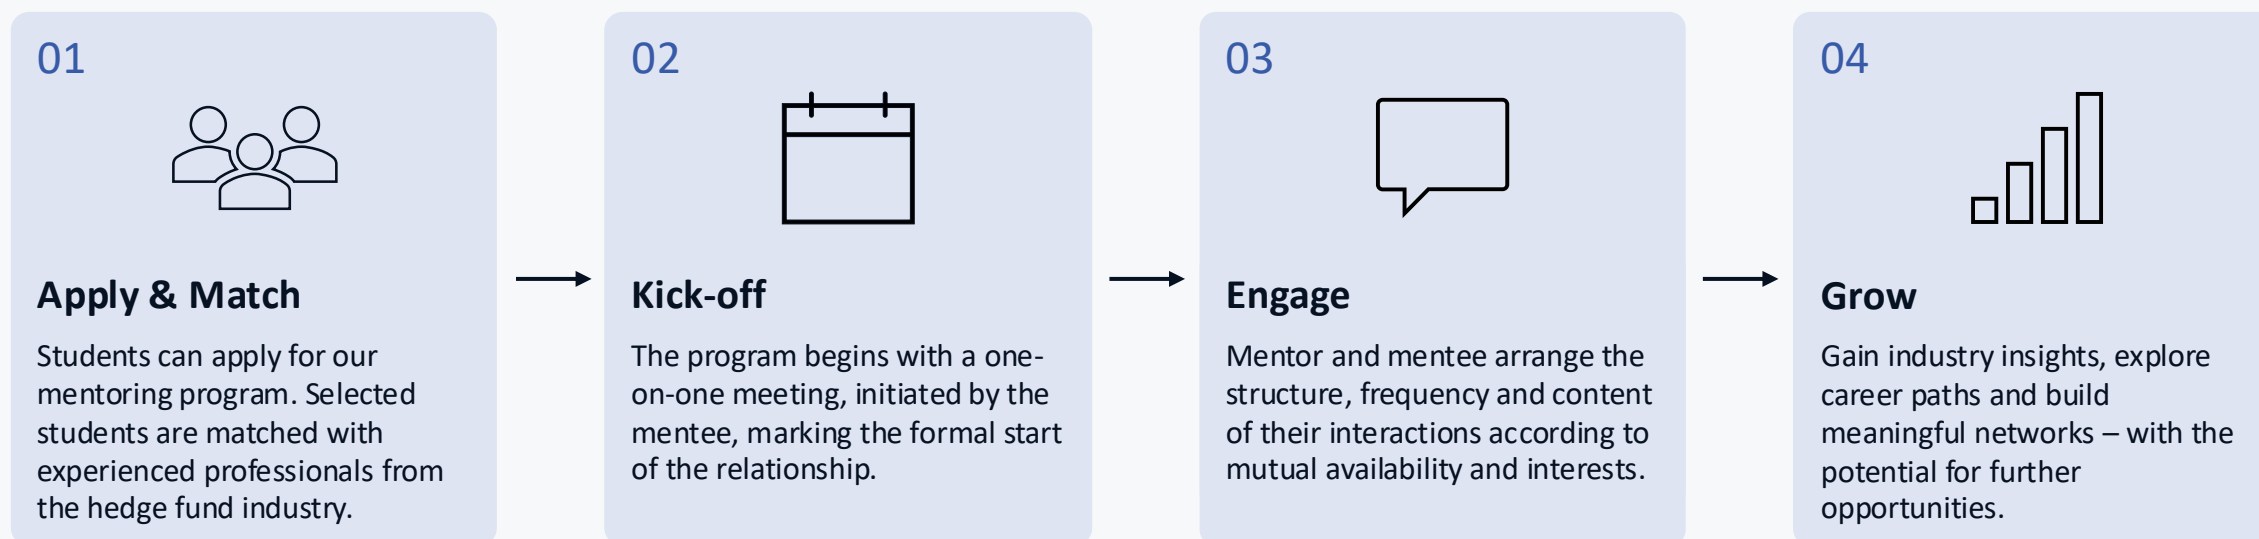

Bridging the gap between industry and academia.

About the Program

Connecting ambitious students with experienced hedge fund professionals – for mutual learning, valuable insights and lasting networks.

MENTORING RELATIONSHIP

1 YEAR

What we expect from mentees

Initiative

Commitment

Analytical ability

Communication

Curiosity

Openness

ⁱ The program provides a wide range of opportunities, but does not guarantee employment.

Your Mentoring Journey

A light structure to reflect, learn and make the most of your mentorship.

MENTORING RELATIONSHIP • 1 YEAR

Why reflection reports?

The reflections help you capture your learnings, set new goals and provide valuable feedback to continuously improve the program.

A meaningful recognition

The certificate acknowledges your commitment, engagement and personal growth throughout the first year.

Our Mentors

Learn from experienced professionals at leading firms in the alternative investment space.

Orca Capital

Orca Capital is a proprietary trading firm focused on identifying and trading special situations across international financial markets. The team brings together decades of collective trading experience and pursues clearly defined strategies at global exchanges.

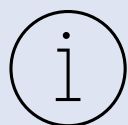

Progressive Capital Partners LTD

Progressive Capital Partners is an independent investment firm focused on systematic and research-driven strategies in the alternative investment space. The firm combines deep analytical expertise with a strong institutional background.

Z22 Technologies

Z22 is a FINMA-regulated Swiss hedge fund specializing in systematic investment strategies across traditional financial markets and cryptocurrencies. Its investment process is fully automated and systematic, driven entirely by proprietary machine-learning algorithms without discretionary intervention.

Mentoring Matching

Applicants cannot indicate a preference for a specific mentor or company. Mentors select their mentees based on the submitted applications and overall fit.
