We love the Cherry interface. It's **easy to apply and simple to use**. Having Cherry makes talking about fees and financing more transparent and less of a financial burden. Since offering Cherry, our patients are able to get **more procedures** done on their timeline and prioritize their oral health.

Success Stories with Cherry

The Story

Family Holistic Dentistry focuses on patients' overall health, by creating customized treatment plans that meet a variety of patient needs. The practice provides the latest in dental technology, including the popular SureSmile Aligners, the Fotona Laser, and CeraRoot technology.

The Goal

- Provide a convenient and easy payment solution that can approve patients during the consultation or treatment day
- Phase out CareCredit as a payment option completely
- Eliminate cost as a barrier for patients to receive the **full amount of care they need**

The Cherry Solution

- Display Cherry QR codes in the front office and all patient consultation rooms, to move more patients toward **same-day treatments**.
- Encourage all patients to apply either during their consultation or on the training day, allowing more patients to **commit to treatment costs**.

The Results

- ✓ Generated **\$91,309** in their first 7 months with Cherry
- ✓ The practice is no longer offering CareCredit
- ✓ Cherry is now becoming the **brand recognized** in-office financial solution
