TissueCypher  
► Barrett's Esophagus

Predicts progression to esophageal cancer in patients with Barrett's esophagus

### MENTAL HEALTH

IDgenetix  
► PGx Testing

Provides personalized medication guidance for patients with neuropsychiatric conditions

## New Corporate Headquarters

Castle has been a long-time resident of Friendswood, Texas, and has broken ground on a new corporate headquarters ([1500 West Parkwood Avenue](#)), approximately five miles from its current office at 505 South Friendswood Drive.

Set on a 23-acre wooded campus, the new [four-story building](#) encompasses approximately [80,000 square feet](#) of Class A office space.

Unique design features of the building include floor-to-ceiling windows to maximize natural light and a [covered roof-top deck](#) allowing for outdoor collaboration and socialization during the workday.

Castle anticipates its new headquarters will facilitate the continued growth of its business and help the Company remain [focused on its commitment to patients](#).

The new campus will feature [walking trails](#) and [covered pavilions](#), allowing employees to enjoy the natural beauty of the Friendswood community.

The new building will incorporate [energy-efficient](#) lighting, mechanical systems and window glazing.
