

# SAFETY DATA SHEET

Issuing Date 3-January-2025

Revision Date Initial

Revision Number 0

*This document complies with the US OSHA Hazard Communication Standard (29 CFR 1910.1200),*

## 1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND THE COMPANY/UNDERTAKING

### GHS product identifier

**Product Name** Heavy Duty Deck and Hull Cleaner Sprayer

### Recommended use of the chemical and restrictions on use

**Recommended Use** Cleaner

**Uses advised against** No information available

### Supplier's details

#### **Supplier Address**

Captains Preferred Products

122220 Atlantic Blvd

Suite 130 34

Jacksonville, FL 32225

Email: [team@captainspreferredproducts.com](mailto:team@captainspreferredproducts.com)

[www.captainspreferredproducts.com](http://www.captainspreferredproducts.com)

#### **Emergency telephone number**

**Chemical Emergency Phone Number** 904-321-9414

## 2. HAZARDS IDENTIFICATION

### **Classification**

This product is considered hazardous according to the criteria set within the US OSHA Hazard Communication Standard (29 CFR 1910.1200),

|                                              |            |
|----------------------------------------------|------------|
| Skin Irritation                              | Category 2 |
| Serious eye damage                           | Category 1 |
| Hazardous to the aquatic environment - Acute | Category 3 |

### **Label Elements**

#### **Signal Word**

Danger

#### **Hazard Statements**

Causes skin irritation

Causes serious eye damage

Harmful to aquatic life

#### **Prevention:**

Wash skin thoroughly after handling.

Do not eat, drink or smoke when using this product.

Avoid release to the environment

Wear protective gloves/ protective clothing/ protection/face protection.

**Response:**

IF SWALLOWED: Call a POISON CENTER/doctor if you feel unwell. Rinse mouth. IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.

**Physical and Health Hazards Not Otherwise Classified**

Not applicable.

**Skin**

- If skin irritation or rash occurs: Get medical advice/attention.
- Wash contaminated clothing before reuse.
- IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.

**Fire**

- In case of fire: Use CO<sub>2</sub>, dry chemical, or foam for extinction.

**Storage**

- Store locked up.
- Store in a well-ventilated place. Keep cool.

**Disposal**

- Dispose of contents/container to an approved waste disposal plant

**3. COMPOSITION/INFORMATION ON INGREDIENTS**

The individual chemical identities of the ingredients of this mixture are considered to be proprietary information and trade secrets in accordance with paragraph (i) of §1910.1200. As such they are withheld in accordance with the provisions of the law.

**Hazardous components**

| Component                         | CAS-No.   | Concentration [%] |
|-----------------------------------|-----------|-------------------|
| Diethylene glycol monobutyl ether | 112-14-5  | 2.0 – 6.0         |
| Alcohols, C10-16, ethoxylated     | N/A       | 1.0 – 2.0         |
| Alcohols, C10-16, ethoxylated     | N/A       | 1.0 – 2.0         |
| Sodium Xylene Sulfonate           | 1300-72-7 | 0.5 – 1.0         |
| Sodium Sulfate                    | 7757-82-6 | 0.1 - 0.5         |

**4. FIRST AID MEASURES****Description of necessary first-aid measures****Eye Contact**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

**Skin Contact**

IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. If skin irritation or rash occurs: Get medical advice/attention. Wash contaminated clothing before reuse.

**Inhalation**

If experiencing respiratory symptoms: Call a POISON CENTER or doctor/physician.

**Ingestion**

Call a physician or Poison Control Center immediately. Do NOT induce vomiting.

**Protection of First-aiders**

Remove all sources of ignition. Use personal protective equipment. Avoid contact with skin, eyes and clothing.

**Most important symptoms/effects, acute and delayed**

**Most Important Symptoms/Effects** Hives. Itching. Rashes. Irritation.

Notes to Physician                      May cause an allergic skin reaction.

## 5. FIRE-FIGHTING MEASURES

**Suitable Extinguishing Media**                      Use: Water spray. Carbon dioxide (CO<sub>2</sub>). Foam.

**Unsuitable Extinguishing Media**                      Do not use a solid water stream as it may scatter and spread fire.

**Specific Hazards Arising from the Chemical**                      Flammable. Most vapors are heavier than air. They will spread along ground and collect in low or confined areas (sewers, basements, tanks). Vapors may accumulate in confined areas (basement, tanks, hopper/tank cars, etc.). Vapors may form explosive mixtures with air.  
Vapors may travel to source of ignition and flash back.

### Explosion Data

**Sensitivity to Mechanical Impact**                      None.

**Sensitivity to Static Discharge**                      Yes.

**Protective Equipment and Precautions for Firefighters**                      As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

## 6. ACCIDENTAL RELEASE MEASURES

### **Personal precautions, protective equipment and emergency procedures**

**Personal Precautions**                      Remove all sources of ignition. Take precautionary measures against static discharges. All equipment used when handling the product must be grounded. Use personal protective equipment. Avoid contact with skin, eyes and clothing.

### **Environmental Precautions**

**Environmental Precautions**                      Prevent further leakage or spillage if safe to do so. Avoid release to the environment.  
Prevent product from entering drains. Do not flush into surface water or sanitary sewer system.  
Collect spillage. Dispose of contents/container to an approved waste disposal plant. See Section 12 for additional Ecological Information.

### **Methods and materials for containment and cleaning up**

**Methods for Containment**                      Dike far ahead of liquid spill for later disposal.

**Methods for Cleaning Up**                      Dam up. Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Use personal protective equipment. Use clean non-sparking tools to collect absorbed material. Sweep up and shovel into suitable containers for disposal.

## 7. HANDLING AND STORAGE

### **Precautions for safe handling**

**Handling**                      Keep away from open flames, hot surfaces and sources of ignition. To avoid ignition of vapors by static electricity discharge, all metal parts of the equipment must be grounded. Take precautionary measures against static discharges. Use only in area provided with appropriate exhaust ventilation. Wear personal protective equipment. Avoid contact with skin, eyes and clothing. Remove and wash contaminated clothing before reuse. Wash thoroughly after handling.

### **Conditions for safe storage, including any incompatibilities**

**Storage**                      Store in a well-ventilated place. Keep cool.

**Incompatible Products**

Strong oxidizing agents, Strong acids, Strong bases,

**8. EXPOSURE CONTROLS / PERSONAL PROTECTION****Control parameters****Exposure Guidelines**

The following ingredients are the only ingredients of the product above the cut-off level (or level that contributes to the hazard classification of the mixture) which have an exposure limit applicable in the region for which this safety data sheet is intended or other recommended limit. At this time, the other relevant constituents have no known exposure limits from the sources listed here.

| Components                        | CAS-No. : | Type: | Value :   | Basis :  |
|-----------------------------------|-----------|-------|-----------|----------|
| Sulfuric acid                     | 7664-93-9 | TWA   | 1 mg/m3   | OSHA Z-1 |
| Sodium Hydroxide                  | 1310-73-2 | TWA   | 2 mg/m3   | OSHA PEL |
| Ethanol                           | 64-17-5   | TWA   | 1,000 ppm | OSHA Z-1 |
| Diethylene glycol monobutyl ether | 112-34-5  | TWA   | 10 ppm    | OSHA PEL |

ACGIH TLV: American Conference of Governmental Industrial Hygienists - Threshold Limit Value. OSHA PEL: Occupational Safety and Health Administration - Permissible Exposure Limits. NIOSH IDLH: Immediately Dangerous to Life or Health.

**Appropriate engineering controls****Engineering Measures**

Showers  
Eyewash stations  
Ventilation systems

**Individual protection measures, such as personal protective equipment**
**Eye/Face Protection**  
**Skin and Body Protection**  
**Respiratory Protection**

Use safety goggles tested according to EN 166/ ANSI Z87.1 or equivalent local standard.  
Wear protective gloves/clothing.  
If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations.

**Hygiene Measures**

When using, do not eat, drink or smoke. Provide regular cleaning of equipment, work area and clothing. Remove and wash contaminated clothing before re-use. Contaminated work clothing should not be allowed out of the workplace. Wash face, hands and any exposed skin thoroughly after handling.

**9. PHYSICAL AND CHEMICAL PROPERTIES****Information on basic physical and chemical properties**
**Physical State**  
**Odor**

 Liquid.  
 Characteristic.

**Appearance**  
**Odor Threshold**

 Clear.  
 No information available.
**Property****Values****Remarks/ - Method**

pH  
Melting Point/Range  
Boiling Point/Boiling Range  
Flash Point  
Evaporation rate  
Flammability (solid, gas)  
Flammability Limits in Air

| lower flammability limit               | No data available      |            |
| Vapor Pressure                         | No data available      |            |
| Vapor Density                          | No data available      | None known |
| Relative Density                       | No data available      | None known |
| Specific Gravity                       | No data available      | None known |
| Water Solubility                       | Insoluble in water.    | None known |
| Solubility in other solvents           | Practically insoluble. | None known |
| Partition coefficient: n-octanol/water | No data available      | None known |
| Autoignition Temperature               | No data available      | None known |
| Decomposition Temperature              | No data available      | None known |
| Viscosity                              | No data available      | None known |
| Flammable Properties                   | Not flammable          |            |
| Explosive Properties                   | No data available      |            |
| Oxidizing Properties                   | No data available      |            |

**Other information**

|                 |                   |
|-----------------|-------------------|
| VOC Content (%) | No data available |
|-----------------|-------------------|

## 10. STABILITY AND REACTIVITY

|                                                  |                                                      |
|--------------------------------------------------|------------------------------------------------------|
| <b><u>Reactivity</u></b>                         | No data available.                                   |
| <b><u>Chemical stability</u></b>                 | Stable under recommended storage conditions.         |
| <b><u>Possibility of hazardous reactions</u></b> | None under normal processing.                        |
| <b><u>Hazardous Polymerization</u></b>           | Hazardous polymerization does not occur.             |
| <b><u>Conditions to avoid</u></b>                | Heat, flames and sparks.                             |
| <b><u>Incompatible materials</u></b>             | Strong oxidizing agents, Strong acids, Strong bases, |
| <b><u>Hazardous decomposition products</u></b>   | None known based on information supplied.            |

## 11. TOXICOLOGICAL INFORMATION

Please note: Mixtures have not been tested for health hazards. The health hazard information presented is provided in accordance with US 29 CFR 1910.1200 and is based on the testing of individual components which have been shown to cause or may cause these health effects when tested at higher concentrations or at full strength.

**Information on likely routes of exposure****Product Information**

|              |                                                                  |
|--------------|------------------------------------------------------------------|
| Inhalation   | None under normal use conditions                                 |
| Eye Contact  | Causes serious eye irritation.                                   |
| Skin Contact | Causes skin irritation. May cause sensitization by skin contact. |
| Ingestion    | Expected to be allow ingestion hazard.                           |

**Symptoms related to the physical, chemical and toxicological characteristics**

|          |                  |
|----------|------------------|
| Symptoms | Rash, Irritation |
|----------|------------------|

**Delayed and immediate effects and also chronic effects from short and long term exposure**

|                                   |                                                                                          |
|-----------------------------------|------------------------------------------------------------------------------------------|
| Respiratory or Skin Sensitization | May cause sensitization by skin contact.                                                 |
| Germ Cell Mutagenicity            | No information available.                                                                |
| Carcinogenicity                   | The table below indicates whether each agency has listed any ingredient as a carcinogen. |

IARC: (International Agency for Research on Cancer)

Group 2B\* - \*Listed as a Group 2B possibly carcinogenic to humans by the International Agency for Research on Cancer (IARC). In our expert opinion, myrcene should not be characterized as possibly carcinogenic to humans.

Components : Sulfuric acid

**Reproductive Toxicity** No information available.  
**STOT - single exposure** No information available.

**STOT - repeated exposure** No information available.  
**Aspiration Hazard** No information available.

## 12. ECOLOGICAL INFORMATION

### Ecotoxicity

Ecological information is not reported.

**Persistence and Degradability** No information available.

**Bioaccumulation** No information available.

**Mobility** No information available.

**Other Adverse Effects** No information available.

## 13. DISPOSAL CONSIDERATIONS

**Waste Disposal Methods** Dispose of in accordance with local, state and federal regulations.

**Contaminated Packaging** Empty containers pose a potential fire and explosion hazard. Do not cut, puncture or weld containers. Empty containers should be taken to an approved waste handling site for recycling or disposal.

## 14. TRANSPORT INFORMATION

**Note:** This shipping size falls into limited quantity exemptions that do not require labeling or placarding except if transported by aircraft. Under U.S. DOT transportation regulations, this product can be re-classed as a Limited Quantity in accordance with 49 CFR 173.306(i). Under Transport Canada regulations, this product can be re-classed as a Limited Quantity in accordance with Section 1.17. Under IMDG regulations (Amdt 35-10), this product can be re-classed as a Limited Quantity in accordance with Chapter 3.4.

### DOT

**UN-Number** Not regulated
