

# Digital Ticketing & Event Management Built for Schools

## Box Office

### Modernize ticketing and boost event revenue

Focus on the game. We'll handle the gate.

**Ditch the paperwork, long lines, and cash boxes.** Box Office is Hometown's all-in-one digital ticketing solution built to streamline your school's events from start to finish. **Easily sell digital tickets, scan fans at the gate, and bring in revenue faster** — a win for your whole community.

### Simplified Operations

Manage and sell tickets for every school event with ease, from sports to theater.

- Sell season passes, season tickets, complimentary tickets, and more
- Create free, custom seat maps
- Enable fast, safe gate entry with easy-to-use and offline scanning.

### Reliable Reporting

Your revenue is delivered quickly, exactly where you need it.

- Real-time reporting to track sales as they happen
- Ticket funds sent directly to your school's payment processor
- Fast payouts

### Elevated Fan Experience

Make game day seamless with mobile-first ticketing.

- Wallet friendly ticketing for a seamless, touchless entry
- Quickly purchase tickets directly from the Fan App
- Real-time event notifications

**Cristie Lilies**  
Athletic Director  
Lewisville ISD

**"Hometown has been a game-changer for our district.** With five stadiums and limited wifi at our gates, their support and tailored solutions ensure everything runs smoothly. They've helped us transition seamlessly from cash to online ticketing, customizing the process to fit our needs — not a one-size-fits-all approach. **Their team is always available, even onsite at our games, making us feel like their top priority.** If your stadium lacks internet or you need reliable support, **Hometown is the way to go!**"
