eCaptis - Automated CORAS Uploading and Management.

Use eCaptis to digitise and automate the CORAS (Client Outcome Rating Scale) process, including digital Patient Goal Plans to simplify insurance audits.

Automate HONOS, MHQ-14, Patient Experience surveys and upload to CORAS.

Your other surveys like ASSIST, DASS and others can also be added to eCaptis.

Automate patient reminders and completion reports.

CORAS Dashboard for live updates.

Easily manage insurance audits using digital Patient Goal Plans.
