History of the Hall

The current Netley Hall, a splendid example of Georgian architecture, holds a grade II listing. Constructed in 1855 by Shrewsbury architect, Edward Haycock. It was commissioned by Mr. John Treasure, to celebrate the marriage and coming together of the Hope and Edwards families. To this day, the sculpted faces of both bride and groom can be seen carved into the Brook Suite fireplaces.

He created a magnificent home with outstanding landscaped grounds, including our illustrious wedding gardens and naturally elegant fresh water lakes.
