

JOE KELLY

"Salt of the Earth" VOICEOVERS

RESUME

ONE VOICE. ENDLESS FLAVOR.

When powerhouse brands like Jeep, Apple, and J.P. Morgan Chase go hunting for a voice that cuts through the noise, they want more than just a sound—they want a vibe. Edgy. Relatable. Instantly believable. That's where Joe Kelly comes in. The perfect flavor to elevate your brand.

SO WHO IS THIS JOE KELLY GUY ANYWAY?

Hey, I'm glad you asked! And by the way, thank you for your consideration, people have always called me "the Salt of the Earth" because of the folksy manner in which I season my words. The perfect signature seasoning to connect with your audience instantly. And by the way—I have a broadcast quality studio with Source Connect.
