**Company & Job Description**

Primergy is a developer, owner, and operator specializing in utility-scale solar PV and battery storage projects across the United States. The company manages a significant portfolio of operational and development-stage projects across major energy markets, including ERCOT, MISO, PJM, CAISO, WECC, and SERC. With a diverse and talented team bringing decades of expertise in renewable energy project development, financing, construction, and operations, Primergy leads the industry in delivering innovative and sustainable energy solutions. Primergy is a portfolio company of Quinbrook Infrastructure Partners and is the primary investment platform for Quinbrook Infrastructure Partners' solar and solar plus energy storage activities in North America.

Primergy is growing our small, experienced team to manage the significant growth in our business. We offer a fun, entrepreneurial culture, competitive compensation, and the opportunity to work with a mission-driven, collaborative team.

**ROLE & RESPONSIBILITIES**

The **Controller** serves as the senior leader for accounting, financial reporting **and tax compliance** across corporate and project entities. This role combines traditional controllership responsibilities with **senior tax leadership**, ensuring accurate GAAP reporting while overseeing partnership tax compliance, structuring considerations, and tax equity obligations.

**RESPONSIBILITIES INCLUDE**

- Oversee monthly, quarterly, and annual close processing and compilation of financial statements for project and parent entities
- Oversight of outsourced accounting and bookkeeping, maintaining solid review of periodic financial statement preparation and workbooks, treasury and payables activities

- Evaluate bringing outsourced tasks in-house. Ensure that outsourcing function is operating efficiently and effectively. Where it is not, create ability for Primergy to take on functions.
- Manage the annual audit across the group ensuring suitable coordination between auditors and outsourced accountants
- Ensure appropriate accounting treatment across development, construction, and operating phases, including capitalization, revenue recognition, impairments, and cost allocations
- Manage compliance with tax equity partnership and debt financing agreements
- Manage project cash distributions
- Support bi-monthly payroll recording and reporting
- Conduct and manage process improvements and documentation
- Oversee tax compliance, enabling the Director of Taxation's application of tax strategy across federal, state and indirect tax matters
- Ensure suitable investigation of tax opportunities and risks and appropriate communication with management
- Coordinate with project finance on modeling of project performance
- Coordinate with FP&A to present financial performance and commentaries
- Partner with all other internal groups, supporting their enquiries and financial needs in driving the business
- Manage and mentor internal control team staff and oversee outsourced accounting staff

## **EDUCATION AND EXPERIENCE**

### **Required**

- Bachelor's degree in Accounting, Finance, or related field or equivalent combination of education and experience.
- CPA required.
- 10+ years of progressive experience across accounting and tax, including controllership, tax manager, or senior accounting roles.
- Strong hands-on experience with:
  - Partnership taxation
  - Tax equity structures
  - Project finance and complex legal entity environments
- Deep understanding of US GAAP, internal controls, and financial reporting obligations.
- Proven ability to interpret and apply financing and partnership agreements.

### **Highly Preferred**

- Experience in renewable energy (solar, storage, wind).
- Prior responsibility for partnership tax compliance and coordination with external tax firms.
- Experience supporting construction-stage projects and asset transitions to operations. Background in environments with outsourced accounting and tax providers

### **SKILLSET**

- High integrity, sound judgment, and exceptional attention to detail.
- Comfortable owning both accounting and tax decisions with limited internal resources.
- Strong communicator with the ability to translate technical issues for non-technical stakeholders.
- Practical, solution-oriented mindset well-suited to a growth-stage developer.
- Willingness to operate hands-on while building scalable infrastructure.

Primergy is committed to cultivating an inclusive and welcoming workplace. We encourage applicants from all backgrounds and do not discriminate based on race, color, religion, sex, sexual orientation, gender identity, national origin, age, disability, or veteran status. We understand that individuals from historically underrepresented groups — including women, people of color, LGBTQ+ individuals and people with disabilities — may hesitate to apply if they don't meet 100% of the listed qualification. If this role aligns with your interests and career goals, we encourage you to apply even if you don't meet all the criteria.
