Simplify Care Orders with Docusign

We've made signing and delivering orders easier.

Connect with Pinnacle's Docusign at no cost to you – a secure, electronic signature platform designed to streamline your workflow.

Discover the ease of electronic signing:

- Skip the office interruptions & follow-up phone calls
- Keep track of your signed order history

All we need is your name and a valid email address to immediately start sending electronic orders.

Sign up today:

Prefer fax instead? Fax signed orders to (888) 344-6125

Please reach out to medicalrecords@pinnaclehomecare.net if you have any questions or need further assistance.

The email used during sign-up does not need to be the provider's email; it can be any email address from your office. The same email may be used for multiple providers. Care orders will be grouped and sent according to each provider's name, allowing for more efficient processing all at once.
