

YOUNG & NORGATE

# An introduction to Young & Norgate

IN A NUTSHELL

# About us

---

Formed in 2010, Young & Norgate is an award-winning furniture and joinery company with a passion for creating beautiful spaces.

With an obsession with quality and detail, we combine time-honoured craftsmanship with the latest technologies to produce interiors and furniture shaped around each client's brief.

We pride ourselves on the long-lasting relationships we have developed with some of the country's leading contractors, architects and interior designers.

A close-up photograph of wooden joinery, showing a large, light-colored wooden panel with a diagonal grain pattern. The panel is set against a dark, textured background. A thin, light-colored wooden strip runs diagonally across the left side of the frame. The lighting is soft, highlighting the texture of the wood and the precision of the joinery.

WHAT WE DO

# Redefining Joinery

At the heart of our joinery approach is material quality, further advanced by our experts who have spent years refining their precise craftsmanship. By sourcing and working with the finest materials, we craft both fitted and free-standing pieces uniquely tailored to the needs of each project.

Our capability extends across complete interior joinery packages, giving our clients continuity from early development through to final installation. We also specialise in bespoke, one-of-a-kind creations, evolving complex ideas into tangible masterpieces.

With a strong grounding in architectural joinery, we balance technical accuracy with a refined design sensibility. And this allows us to proudly stand as the all encompassing solution for all things joinery, offering convenience without compromising on quality or creativity.

SERVICE-LED EXCELLENCE

# Elevating Partnerships through Craftsmanship

---

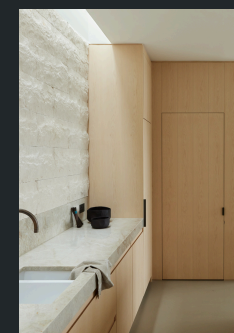

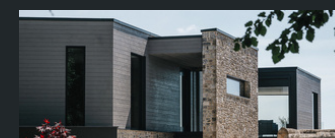

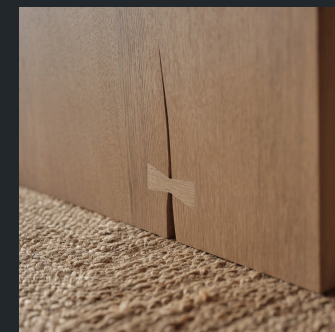

Our commitment to service-led excellence defines our partnerships.

We thrive on understanding our clients' visions, collaborating closely to transform dreams into tangible, timeless pieces. From concept to completion, our process fuels clarity in the vision; demonstrated in the quality of the finished work.

We take care of every stage, from development and technical resolution to making and installation - so you can be confident the work is always in expert hands. This is what makes us the go-to for refined, carefully crafted cabinetry, that stands the test of time.

Our commitment to quality runs through every stage of work. Rigorous process management ensures that every project, regardless of size or complexity, is checked, reviewed, and continuously refined throughout.

We don't just promise excellence; we guarantee it.

WHAT WE'VE DONE

# Our projects in detail

---

From layered urban interiors to houses shaped by their landscape and history, each and every project is defined by how it performs, how it feels, and how it endures.

We approach every commission with the same mindset: thoughtful design, expert craftsmanship, and practical solutions that elevate everyday living. The result is work that is elegant without being fragile, functional without being ordinary, and interiors designed to be used, lived in, and valued over time.

What connects our projects is not a single style or setting, but a shared ambition with our clients to create interiors of quality and character, where beauty and purpose are inseparable.

EXPLORE MORE

"COLLABORATIVE IN APPROACH, PROFESSIONAL IN SERVICE AND SHARING MANY OF OUR VALUES, I FEEL THAT WE HAVE APPROACHED EACH CHALLENGE WITH THE MAXIM THAT WE ARE CREATING BEAUTIFUL THINGS THAT WEAR IN RATHER THAN WEAR OUT. I AM SURE THAT WE WILL WORK WITH THEM AGAIN IN THE FUTURE."

Geordie Willis, Creative Director  
Berry Bros. & Rudd

THE MAKING

# Our Bristol Workshop

Our workshop brings together state-of-the-art design and machining capabilities, a meticulous in-house finishing process and the space needed to take on ambitious, technically complex projects. The environment is built for precision, allowing us to control the detail while maintaining high standards at scale, from the first cut to the final finish.

But what truly sets us apart is our team of seasoned craftsmen, each with a wealth of knowledge amassed over years of dedicated practice. Cutting-edge technology combined with the artistry of experienced hands, delivers joinery that not only meets but exceeds expectations.
