

# CORIX

Leading insurance into what's next

## Health & Life Sciences Solutions

Explore our portfolio of modern protections designed exclusively for your Health & Life Sciences clients. Our flexible policies and unique coverages were developed to give your early-stage, small and low mid-market clients peace of mind as they grow.

Guided by a team of experts and experienced underwriters, our Health & Life Sciences offering is designed to address new and emerging risks across this dynamic industry.

At Corix, we're on a mission to transform insurance through practical innovation, delivering comprehensive solutions that empower brokers to outpace risk and lead their clients confidently into the future.

Thousands of clients trust Corix to protect their businesses with insurance ranging from foundational protections to highly specialized technology coverages.

Join us and grow your Health & Life Sciences business with confidence.

# Enabling Efficiency. Accelerating Growth.

When you work with Corix Insurance, you get more than a partner. You get an ally in serving your Health & Life Science clients and enabling their growth—and accelerating yours.

What sets us apart? Our ability to stay a step ahead. Our experts are relentlessly focused on transforming the insurance experience for early-stage, small and low mid-market clients, and for the brokers who guide them.

## Forward-Thinking Protection

From digital health services to clinical trial management to nutraceuticals—we offer leading-edge products and flexible policies to help you outpace new and emerging risks.

## Friction-Free Experience

Our technology-enabled underwriting and user-friendly platforms allow us to quote, bind, and issue policies with ease, and according to your preference (email, API, or portal)—allowing you to respond to your clients with speed and confidence.

## Responsive Service

Our broker relations, operations, marketing, and underwriting teams are invested in your success and empowered to respond quickly—so we can win together, and grow together.

## Reliable Claims Experience

Our claims capability is backed by experts who are responsive, fair, and empathetic—supporting you and your clients when it matters most.
