

Home care that understands you.

EFFECTIVE
10 August 2026

What's in
our name?

We believe in the power of friendship.

Inspired by the world's longest living cultures, we aim to help our Members lead independent and connected lives.

WHY US

Great home care is all in the details.

You are at the centre of your care

Whether you self-manage or want your services coordinated for you with our Full Service membership, you always have choice and control.

All your care wrapped up in one simple app

View your help plan, visits schedule, track spending and projected balance, all in one place, right from your phone.

Consistency is key

We match you with a dedicated Helper you can form a genuine connection.

People chosen with care

Members have access to a curated pool of over 4,000 care and health professionals who are vetted, qualified, and backed by the governance of the Aged Care Quality Standards and NDIS Quality and Safeguards Commission.

Australia's first technology-enabled provider

Helpers record their visits in real time, and our software reviews those notes and alerts our clinical team if something needs attention.

Experts in-house

Over 400 years of combined clinical experience ready to assist you.

CARE COORDINATION & OVERSIGHT

Care Management

Ongoing coordination and oversight to ensure your services, support, and care plan evolve with your needs — making the whole process feel effortless for you.

Typical services:

Creating and reviewing care plans

Matching and scheduling support

Liaising with clinicians

Ensuring quality and smooth communication

Helping you understand your budget and options

Five Good Friends care monitoring

\$150 /hr

10% of your budget is set aside for care management.

MAKE THE MOST OF YOUR FUNDING

Programs *for* Living Well

Our Programs for Living Well are designed to help you maximise independence while staying healthy and connected at home.

They are an innovative way to use Support at Home funding: instead of drawing on services one by one, they bring supports together in a structured way that delivers long-term benefits and helps people remain at home for longer.

For more information, call our team on **1300 787 581**.
