

AM PROFI-ID

Hybrid Pedestal System

Our **AM PROFI-ID pedestal system** is a cutting-edge solution that combines the best of both AM (Acousto-Magnetic) and RFID technology.

The **AM PROFI-ID** offers superior article protection, versatility for any retail store and provide retailers with a soft transition to article surveillance with additional protection and RFID inventory solution.

When paired with our **HALLO-ID ceiling antennas** it provides security over ultra wide entrances up to 3.5 m. In such configuration retailers will benefit for clean and welcoming entrance while still keeping their merchandise well protected.

Our system supports remote connectivity and data collection and can also be connected to our **STOREMONITOR** cloud platform for advanced system analytics and store performance reports.

In addition to all these options and features, the system is equipped with our new smart **ECO MODE** that saves up to 35% of the EAS energy consumption. This way we help to reduce our customer's unnecessary utility costs, increase lifespan of the system and stay environmentally friendly.

Features & options

- Remote maintenance and diagnostics
- Inventory management option
- Detection of AM labels 58kHz
- Detection of RFID tags (UHF)
- MetalMagnet detection
- Visitor counting
- Advertisement panel
- Jammer detector
- Tag too close indication
- **ECO MODE**

Remote connectivity and data collection are standard features of our systems, ensuring easy installation, remote servicing, and maintenance with quick response and no unnecessary travel costs.

An advertisement panel on your **security system** can be an additional sales tool with our "easy slide" access to printed banner replacement. An identical pedestal but without the opaque panel, the Classic X pedestal features a transparent acrylic surface that blends in with the surrounding space.

Providing insights into loss prevention events at an item level allows retailers to make smarter decisions. Knowing when and where items are going missing, as well as which items are most at risk, can help retailers to effectively prevent loss and increase security in high-risk areas.

Dimensions

Height	164 cm
Width	54.2 cm
Depth	5.5 cm
Advertisement Panel (H x W)	161.0 x 49.0 cm
Weight	13.05 kg

Detection Range

Detection Range Soft Labels ¹	Mono / Dual up to 100 / 220 cm
Detection Range Hard Tag ²	Mono / Dual up to 130 / 260 cm

Product Code

Silver Colour	AS-AP5S-ID-PPC
---------------	-----------------------

AM ACE Power Box Can power up to 2 pedestals

Advertisement Panel (H x W)	4.5 x 13.5 x 17.0 cm
Weight	0.9 kg
Code	AS-APSXD
Operating Frequency	57-59 kHz Power - 85-265 V, 50-60 Hz
Consumption	approx. 30 W

RFID reader Can power up to 8 antennas

Advertisement Panel (H x W)	2.6 x 17.5 x 8.9 cm
Weight	0.2 kg
Code	ID-REA
Operating Frequency	902 - 928 MHz US, 856,6 - 867,6 MHz EU
Consumption	max. 12 W

Legend:

¹ tested with Sensormatic APX soft labels in all orientations

² tested with original AMERSEC® Pencil tag in all orientations
