Player profile

Driven and energetic 1.84 m forward whose agility and impact show every time she steps on the floor. A genuine team player: she sets hard screens to free her teammates, fights for every ball, makes the extra pass and does the work that rarely shows up in the box score but helps teams win.

In 2025–26 she started all 26 of her Swiss LNB games while contributing to the Elfic Fribourg LNA squad that went 20–1 in the regular season and won the SBL Cup and the Patrick Baumann Cup. She plays the 3, 4 and 5, runs the floor hard and is steadily developing her perimeter shot.
