INTRODUCING THE **EVO J3™**

COMING 2019

Symmetrical Headlight Design

Left Hand | Turn Signal

Heated Right Hand | Off-Road Mode

Escape the standard.

The EVO J3™ is the first street-legal, plug & play Jeep Wrangler® headlight with a built-in turn signal. You can replace the turn signal with the new Trail 6 off-road light to add more lighting power to your Jeep.

Light your adventure all year round.

Available in a heated version, the EVO J3 features SmartHeat® technology to de-ice lenses for the best safety and visibility.

Customizing & control at your fingertips.

Unlock more control and features within the EVO J3 using the new J-Link™ mobile app. Customize your startup sequence, access the Off-Road Mode and lead the trail with Guide Mode.

J-LINK™

The J-Link™ mobile app exclusively unlocks features in the EVO J3 to give you unmatched performance. Select your own startup sequence, Off-Road Mode with extra light optic and ability to tune the light pattern, and Guide Mode with a slow flash sequence to lead the trails.

EVO J3™

ESCAPE THE STANDARD.

You need a headlight that is superior in performance and design, built to ride with you every mile.

Escape the standard with the EVO J3™ the first street-legal, plug & play headlight with built-in turn signal for Jeep® Wrangler JKs.

Light your adventure all year round.

Keep headlights free of snow and ice with the heated lens versions of the EVO J3. Built-in **SmartHeat®** technology de-ices lenses for the best safety and visibility in any condition.

Unlock exclusive features.

Gain total control & customization with the **J-Link™** mobile app in the EVO J3:

Off-Road Mode: Control Off-Road optic & tune headlight pattern

Party Mode: 4 flashing sequences to control when parked

Headlight Aiming: Guide using your phone's camera to aim lights

Guide Mode: Slow flashing amber to lead the way on the trail

EVO J3 *SURPASS THE ORDINARY.*

Five Functions in One.

The first of its kind to discretely pack five functions into a single headlight for Wrangler JKs. Powerful LEDs & precisely engineered light patterns give you the best visibility for the best driving experience.

Uniquely Asymmetric.

Aggressive style and a patented asymmetric design for left and right hand headlights where the curve in the turn signal optic matches the curve of the Jeep grille.

More Lighting Power.

When you upgrade to the EVO J3 headlight with built-in turn signal, replace your stock turn signal for the Trail 6 Sport or Pro for more off-road lighting power.

- DOT-compliant headlight with built-in turn signal & Dual Burn® high beam for legal on-road use
- SmartHeat® heated lens option
- Kit of 2 headlights + harnesses for plug & play installation
- Meets proposed NHTSA NCAP 5-Star lighting guides for safety and performance
