

The heart of progress.

At Lev V'Limud, children ages 2-14 with an autism diagnosis make groundbreaking progress every day through **play, connection, and individualized learning**. Our full-day, interdisciplinary program blends developmental and behavioral strategies in naturalistic, real-world settings to **support the whole child and build life skills that last**.

 lev v'limud

Collaborating for success.

Our interdisciplinary approach combines expertise across therapies and modalities to guide each child's development naturally and effectively.

DIR/Floortime

Supporting emotional development and engagement

Yiddishkeit-Rich Curriculum

Essential skills embedded in Tefilla, Parsha, and Yomim Tovim lessons

Dual Literacy Program

Orton Gillingham techniques to teach Hebrew and English reading

Occupational Therapy (OT)

Supporting sensory processing, fine motor skills, and daily tasks

Speech Therapy (SLP)

Helping children use words, language, and communication effectively

Naturalistic ABA

Teaching skills utilizing play-based sessions and real-life scenarios

Handwriting Without Tears

OT curriculum to teach letter formation through multisensory methods

Touch Math

Multisensory program teaching math concepts through hands-on activities

Physical Therapy (PT)

Promoting gross motor development and physical coordination

AAC Consultations

Enabling communication via alternative tools and technological devices

Heart at work. The right support unlocks potential.

“ M. came to Lev V'Limud without any expressive language. Within weeks, an AAC device and SLP support had her communicating in three-word sentences!

Mrs. Chavy Armon, Educational Director

“ My daughter could never focus long enough to join lessons. At Lev V'Limud, her entire team brainstormed ways to engage her. A few months in, she's fully participating in every group session.

Mrs. L., Parent

Every detail. Every child. Every day.

Full-Picture Progress

Parent input and integrated reports for data-driven progress

Ongoing Staff Trainings

Weekly sessions for shared expertise and teamwork.

Parent Workshop Series

Presentations from each department throughout the year.

Dedicated. Experienced. Supportive.
